MEXICO IN THROES OF A REVOLUTION

Fighting Reported in The Interior and Situation Has Grown Acute.

PREDICT END OF DIAZ REIGN

United States Soldiers Along the Border.—Excitement is Intense.—Discover Documents Telling of Plot.—Details.

Mexico City, Nov. 22—Four hundred revolutionists who took part in the assault on Parral, referred to in yesterday's dispatches, were repulsed with a loss of thirteen dead, the inhabitants withstanding the attack for many hours until troops were able to reach the scene from Chihuahua and Monterey.

Gomez Palacio was re-taken today by the federal troops, according to official advices received here. The looters who occupied the town last night were pursued by mounted troops and eventually dispersed, losing seven killed. The troops lost two.

Three thousand troops of all arms, which left here yesterday, are expected to reach Torreon, Gomez Palacio, Lerdo and Parral early tomorrow. It is believed here that they will be amply able to cope with the situation.

Eagle Pass, Texas, Nov. 22.—A high officer, who by virtue of his position, is in close touch with the revolutionary movement in Mexico, tonight said that fighting was going on in Cuatro Cienegas, a large and prosperous city just below Monteclova. This is the home of J. Carranza, brother of the candidate for Governor of Coahuila in opposition to the administration candidate. It is a stronghold of the revolutionists.

This man, whose information cannot be questioned, but whose position prohibits publication of his name, said the situation in Mexico is now more serious than at any other time during the last few years. He declared the excitement on the border was nothing compared to what it would be if all were known of the situation in the interior. He said the officers and citizens of Ciudad Deririo Diez was expecting the very worst at any time.

They were scouring the surrounding country, not for revolutionists, but for their friends and relatives and bringing them into the city, some for protection, but more for the purpose of arming and assisting in the defense of Cuidad Perfirio Diaz. Local merchants and citizens generally were armed and used as patrols. The town was under absolute military control and all communication with this side was prohibited after dark.

The train from the south which is supposed to have left Terreon yesterday afternoon has not arrived in Cuidad Perfiio Diaz, though it was due at 11 o'clock this morning. Railroad officers say they don't know where the train is. The railway wires are not working.

Residents of Eagle Pass, who have relatives in Torreon and other points down the Mexican International line have not been able to get word from them for three days.

Troop L., third United States cavalry, under command of Lieutenant Bristol, arrived in Eagle Pass tonight and began unloading.

A high Mexican officer today said that it was his opinion that the Diaz reign was over with.

In their efforts to procure more help in Ciudad Perfiio Diaz, one American, in business there, was required to report for duty and help a land patrol.

Upon explaining that he was not a citizen of Mexico the request was withdrawn. Despite all the effort made to capture revolutionists, all escaped except a Mexican or two, occasionally lodged in jail.

Another Mexican troop has just been ordered to Cuatro Cienegas.

West Livaudais, a New Orleans business man, who reached here from Torreon, confirmed the report of a clash between Federal soldiers and revolutionists. The Federal forces apparently were beaten and the rebels invaded Gomez Placio and Lerdo. When he left Torreon the rebels had not advanced on that town, but were momentarily expected.

"The rebels at 3 o'clock, Monday morning," said Livaudais, shot down the police at Gomez Palacia. The garrison was sent against them and many were reported killed. The soldiers were forced to fall back. When I left Torreon a large force from there had been sent to re-take the town. Torreon is practically under martial law and everything is shut tight.

"Americans are in no danger," said Mr. Livaudais, "and foreign investment will be protected."

Planned to Slay Officials.

Mexico City, Nov. 22.—Documents found in the house of a revolutionary leader, are said to have revealed a conspiracy for the wholesale assassination of prominent government officials, including Foreign Minister Creel, Vise President Corral and other prominent Mexicans, among them Editor Spindola, owner of El Imparcial.

Miguel S. Macedo, sub-secretary of the government was also listed for death. President Diaz was to be taken, but his life was spared because of his past services to the country. The

(Continued on Page Eight.)

CRIPPEN TO HANG IN LONDON TODAY

Preparations For Execution of American Wife-Murderer Are Complete.

RUMOR OF CONFESSION DENIED

Ethel Leneve Visited Condemned Man Yesterday—Execution Between 8 and 9 O'clock London Time—The Prisoner.

London, Nov. 22.—All preparations have been made for the hanging of Dr. Hawley H. Crippen tomorow morning within the gloomy walls of Pentonville prison, which stands in one of the most dismal sections of London. It is probable that the execution will take place between 8 and 9 o'clock.

Public Executioner Ellis, of Rochdale, who hanged a wife murderer at Liverpool this morning, arrived in London on the evening train. The scaffold was erected today. A few tenements overlook the prison yard and to bar the tenants from a glimpse of the tragedy a big canvas screen has been put up before the gallows.

Only a small group of official witnesses will attend and every effort has been made to prevent morbid crowds from gathering in the neighborhood. Even the customary official announcement of the hanging is not likely to be posted until evening. The body probably will be buried in quicklime in the prison yard. This is the custom at Pentonville, although not in all English prisons. Father Carry, who has visited Crippen frequently entered the prison at 6 o'clock this evening to spend the night with the condemned man. He will walk with Crippen to the scaffold. An evening paper caused a sensation by flooding the city with placards that Crippen had made a written confession. Every one in a position to know denied this. Ethel Leneve said:

"I was the last person to see Dr. Crippen. So far as my knowledge extends he has not made such a statement."

It is also reported that Crippen today wrote a statement for a Sunday paper, which bought a previous story of his. The paper, however, denies that it has his confesion.

Miss Leneve, at the request of the prisoner paid a farewell visit to Crippen at Pentonville prison this afternoon. She reached the place in a closed cab and was accompanied by an elderly man, who remained outside.

Miss Leneve remained for half an hour in the visitor's room with the doctor. During her stay the wardens watched the condemned man closely.

Crippen slept well last night and arose early today.

London, Nov. 22.—Ethel Leneve has booked passage on the steamship Majestic, which sails from Southampton for New York tomorrow.

McCURDY IN ACCIDENT.

Aero Turned Over When Near Ground—Aviator Uninjured.

Mobile, Ala., Nov. 22.—While descending after a flight of 500 feet this afternoon J. A. McCurdy, one of the aviators engaged to make flights in an aviation contest which is being conducted by a local newspaper, dipped too near the ground, one of the wind-shields striking the ground and turning the machine over. The crowd rushed to the spot where the accident occurred to find McCurdy smiling and uninjured. The machine was badly damaged, although it fell not more than fifteen feet.

OUTLINES.

The situation has grown acute in Mexico and fighting was reported in the interior yesterday. The reign of President Diaz is now in danger. United States troops reached the border yesterday——Dr. Harvey H. Crippen, the convicted wife-murderer will be hanged in London today. All preparations for the execution were in readiness yesterday——President Taft landed at Hampton Roads yesterday from the cruiser Tennessee after his trip to Panama. He will speak to the Virginia Educational Conference today——The political campaign in England is being waged with a fierceness almost unknown in that country, both by politicians on the stump and suffragettes on the battle field——The freight rate hearing before the Inter-State Commerce Commission was yesterday featured by testimony instigated by Geo. W. Perkins, of Morgan & Co.——New York markets: Money on call easy 2 1-2 to 2 3-4, ruling rate 2 1-2, closing bid 2 1-2, offered at 2 3-4; spot closed quiet five points higher, middling uplands 14.85; middling gulf 15.10; flour was dull and about steady; wheat firm, No. 2, red, 98 3-8 elevator and 96 5-8 fob afloat; corn easy, No. 2, new 51 afloat fob to arrive; oats steady futures decline to 1-4 advance; turpentine quiet.

WAGING A FIERCE FIGHT IN ENGLAND

Suffragettes Attack Party Leaders and Storm Home of Premier.

MARKS POLITICAL CAMPAIGN

About 150 Women Jailed as Result of Battle on the Street.—Rioting Continues.—The Acute Situation.

London, Nov. 22.—The political campaign is being waged with a fierceness almost unknown in England, both by politicians on the stump and suffragettes on the battlefield.

The battle of Downing street, which was fought this afternoon, when several hundred suffragettes attempted to storm the Premier's residence, assaulted Mr. Asquith and Augustine Birrill, chief Secretary for Ireland, and broke many windows in the government offices, surpassed all previous spectacles of the sort. About 150 women and several men supporters are in the police station tonight.

Following an announcement by the Prime Minister in the House of Commons that if he were still in power at the next session of the Parliament the government would give facilities for the consideration of a suffrage bill, a large body of women, inflamed rather than placated by this promise, which was characterized as "nothing more nor less than an insult to the cause," left Caxton Hall in search of the premier. They came upon him on the way to Downing street, and immediately formed a hostile cordon around Mr. Asquith, who recently has resorted to all kinds of subterfuges to keep himself clear of the hands of the militant women. One of them, Henrietta Williams, struck the government leader and the premier would have fared badly had not large detachments of police come running to his rescue. The police had great difficulty in putting down the disorders and many of the women had to be dragged from the scene with clothes half torn from their backs. The rioting continued until the evening, when squads of women attacked the residences of Sir Edward Grey, the foreign secretary, Winston Spencer Churchill, the home secretary and Lewis Harcourt, secretary of state for the colonies. Stones crashed through the windows of the houses, Sir Edward Grey's bearing the brunt of the attack. One band spied Mr. Birrell strolling through St. James Park to the Athenaeum Club and swooped down upon the aged statesman, knocking his hat over his ears and kicking him about the legs. When help came and the women were driven off Mr. Birrell attempted to his motor car on the arm of a policeman.

Mrs. Emmeline Parkhurst, the leader of the suffragettes, was among those taken to jail. Her sister, Mrs. Grant, denied admittance, threw a missile through the jail window. She also was incercerated. Miss Grace Johnson was the only American arrested.

Mr. Churchill addressed a big meeting this evening from which several men adherents of the womens' cause were dragged out by the police. Mr. Churchill strongly defended the propriety of Irish-Americans contributing to the home rule cause. The cry of American dollars was likely to be used as a retort by the Liberals he said, since Waldorf-Astor had announced that he was again the candidate of the conservatives for Plymouth.

The principal move of the day was Premier Asquith's attempt to placate the laborites by promising to introduce legislation solving the difficulty which has arisen on account of the Osborne judgment.

The Labor Party met tonight and declared that the scheme suggested by the Premier was wholly unsatisfactory.

The United States Irish League has issued a manifesto against the lords, calling land lordism and the House of Lords synonymous.

PAMUMKEYS REMEMBER MANN.

Taft Will Share in Indians' Annual Tribute to Virginia Governor.

Richmond, Va., Nov. 22.—G. M. Cook, chief of the Pamunkey Tribe of Indians brought to Governor Mann today the annual tribute the Pamumkeys are pleased to pay to the Governor of Virginia. The tribute this time consisted of partridges and wild ducks. The Indian said that they had told him the great father in Washington would pay a visit to Richmond and would breakfast tomorrow with the little father here. The game, he thought, therefore would be the correct thing at this juncture. His gift with other things will be served as the Presidential breakfast at the gubernatorial mansion and another delicacy that will be offered to tempt the appetite of Mr. Taft will be barbecued rabbit, a Virginia rarebit.

Richmond, Va., Nov. 22.—Richmond's first aviation meet is to open here tomorrow. Five different kinds of aeroplanes are to be used in the exhibition, and several aviators of international fame are among the successful men on the flying programme. President Taft, it is understood, is to look in on the meet.

Crippen and Slain Wife His Execution Today

SHIPPERS ON FREIGHT RATES

Testimony from Member of Morgan Syndicate—Railroads Purpose to Make Rates Uniform Throughout Country.

Washington, Nov. 22.—Testimony instigated by George W. Perkins, of the J. P. Morgan Company, the New York syndicate that is said to finance and control an immense proportion of the railroads of the country, an analyetic excoriation of crude manual and mechanical methods of railroads, and a drifting discussion of scientific principles of business featured today's freight rate increase hearing.

It was the second day of the presentation of the shippers' argument before the Interstate Commerce Commission on the suspension of the proposed advances in the tariffs on a great quantity of the traffic moving over the entire official classification territory.

The railroads would like to put into operation advances in rates on freight over the country and in line with this view it was suggested today that part of the policy was to commit the shipping interests to testimony that there would be no complaint if the advances were made uniformly throughout the United States. The trunk line presidents have claimed that the interests are vital to the corporations.

A delegation of a dozen officials from the Grand Rapids furniture manufacturing industries in Michigan, appeared at today's hearing. While voicing opposition to the present Eastern Trunk Line advance plan they testified that they would have no complaint to make if the increases proposed were not confined to one section or otherwise discriminative.

Then through the prooding of Attorney Lyon, of the commission, now disclosed, and admitted by two of the men called by the shippers, that the appearance of themselves and the other Grand Rapids people, representing many millions of dollars of investments, was at the suggestion of one of the heads of the Morgan syndicate, who thought that as a matter of "fairness" the shippers should express their views.

The testimony failed to show any suggestion from Mr. Perkins that the consumers also should present their views, though it was intimated that if the railroads and the shippers agreed as to the sweeping increases in freights of several thousands across the continent, with an aggregate addition of almost fabulous millions of dollars to the railroads earnings, the burden would rest upon the consumers.

President Henry M. Towne, a manufacturer and head of the Merchants Association of New York contended that the railroads should first "put their house in order" as they expressed it as they install modern methods of business which were just as feasible with them as with other industries and that if scientific management could not produce economies to meet the revenue needs then he would join with them in their railroad rate increases. He depicted in glowing terms the big business strides under scientific management.

FIVE ARE CRUSHED TO DEATH

Met Horrible Death in Collapse of Building in Cleveland.—Resulted From Explosion.—Escape of Baby.

Cleveland, O., Nov. 22.—The wife of Simon Frutkin, a tailor, his two small children, Mrs. J. E. Jackenny, a customer, and a servant, were crushed to death by the collapse of a new concrete mercantile building at Lorain avenue and West 30th street tonight. An explosion of unknown origin is believed to have caused the disaster. Frutkin himself was badly injured. A baby, youngest of the Frutkin children, was saved by the strength of a bureau under which it was rolled and had supported a weight of many tons until rescuers found the little one, crowing and unharmed. Frutkin's little tailor shop stood next to the big concrete structure. He was at work in the front room, while Mrs. Frutkin, with the children, was asleep in a bedroom in the rear.

There came from the building next door a tremendous crash; the huge wall that overhung their fragile home bulged, groaned and then settled to the earth, burying the tailor's home and his shop beneath it.

The new building, which was wholly destroyed, was being erected by a large furniture concern to re-place the one destroyed by fire five months ago. It had not yet been occupied.

Furniture, which was stored in a completed portion of the building, was found a block away.

THE NORFOLK & SOUTHERN.

Decrees Confirming the Report of the Special ...asters of Sale.

Norfolk, Va., Nov. 22.—Decrees were entered by Federal Judge Waddill today confirming the report of the Norfolk & Southern Railway special masters of sale, directing the manner of applying $8,000,000 as purchase price of the properties to the first and refunding mortgage indebtedness of the old company; giving a deficiency judgment for $7,949,471.83 in favor of the Trust Company of America, trustees, against the Norfolk & Southern Railway Company; appointing J. N. Whitaker, as special master, to stamp all bonds, coupons, etc., as taken up by application of the said purchase money and discharging the special masters of sale with cancellation of the $100,000 bond.

FIRE IMPRISONS MINERS.

Two Hundred Men in Peril in Mine in Colorado—May Escape.

Denver, Colo., Nov. 22.—Fire started in the Fremont Mine of the Colorado Fuel & Iron Company at 5:30 o'clock this afternoon. There are 200 men in the mine, but it is believed that all will escape. Two men have already found their way to the surface. The fire started in the mule stable under ground.

TAFT IN VIRGINIA ON RETURN HOME

Landed at Fort Monroe Yesterdey After Visit to Isthmus of Panama.

SPEAKS IN RICHMOND TODAY

Scheduled to Address Educational Conference.—Tribute Paid President Upon Arrival at Hampton Roads.

Richmond, Va., Nov. 22.—Landing from the armored cruiser Tennessee at Fort Monroe this afternoon after a flying visit to the Isthmus of Panama, President Taft came to Richmond tonight to be the guest of the citizens of the old Confederate capital for 24 hours.

Mr. Taft dined at the West Moreland Club and later held an informal reception at the Commonwealth Club. He is stopping tonight at the Jefferson Hotel. Tomorrow the President will breakfast with Governor Mann at the executive mansion, will motor over some of the battlefields surrounding Richmond, will be entertained at luncheon and will speak in the afternoon to the Virginia Educational Conference. The President will reach Washington at 8:35 o'clock tomorrow night.

On his way to Richmond this afternoon Mr. Taft stopped for half an hour at Williamsburg to visit the old William and Mary College and the Bruton Parish Church, which dates back to 1632. From the pulpit of the historic church he made a little speech in which he declared that the making of the constitution and the making of the nation were indelibly linked with the men who lived in Williamsburg and other parts of Virginia. "The men who lived in Williamsburg and all through Virginia," said the President, "fought the early fights with the old governors, that those of us in Ohio hardly knew were fought, and yet were the real basis for the successful struggles that came later."

Charles P. Taft, the President's brother who accompanied him to Panama, left the party here and continued to his home in Cincinnati. The cruiser Tennessee convoyed by the Montana, passed in the Virginia capes shortly before 9 o'clock this morning and came to anchor off the government dock at Fort Monroe a little more than two hours later. As the big grey cruisers steamed slowly by of the fortress a Presidential salute of 21 guns boomed from cannon on the ramparts. The President remained aboard the Tennessee until after 3 o'clock in the afternoon. Both the Tennessee and the Montana saluted Mr. Taft as he was piped over the side and his blue ensign fluttered down from the main truck of the flagship, where for the past five days it had flown as the symbol of the highest executive authority of the United States.

Landing at Fort Monroe, the President found eight companies of Coast Artillery lined up in dress parade to greet him, while the saluting cannon roared another tribute from across the ancient moat surrounding the fortress. The blue flag of the sea was replaced by the army's Presidential flag of red as the artillerymen marched in escort of the President from the dock to the railway station.

A committee of Richmond citizens went to Fort Monroe to meet the President. One of the first the President greeted was Major J. C. Hemphill, formerly of Charleston, but now of Richmond.

"Deacon," said the President to the veteran editor, "Charleston doesn't seem the same without you."

The "Deacon" replied that Richmond folks were just like Charlestonians, "only a little more so."

Others in the Richmond party were Mayor Richardson, Lieutenant Governor Ellyson, ex-Governor A. J. Montague, George W. Stevens, president of the Chesapeake & Ohio Railway; H. W. Wood, president and W. T. Dabney, secretary of the Chamber of Commerce; Colonel Barton H. Grundy, Eppa Hunton, Jr.; William H. White, president of the Richmond, Fredericksburg & Potomac Railroad and Judge R. R. Prentice.

VIRGINIA BAPTISTS.

Close of Annual Session at Roanoke —Income Shown.

Roanoke, Va., Nov. 22.—The 87th annual session of the Virginia State Baptist Association, which met here last Friday adjourned tonight to meet next year in Free Mason church at Norfolk. Among the report read and talked today were those on foreign missions, education and the minister's relief fund. The latter showed the income from all sources during the year to be $5,982 and benefactions of $5,375. The association selected Dr. W. E. Hatcher, president of the State Orphanage at Salem.

Charleston, W. Va., Nov. 22.—The last of those who took part in the execution of John Brown, died here early today at the age of 83. He was Louis P. Starry, the undertaker, who made the coffin in which Brown's body was placed. Mr. Starry rode in the wagon with Brown from the jail to the scaffold and delivered the body afterwards at Harper's Ferry to Mrs. Brown and Dr. McKim. Mr. Starry lived here all his life.

IMPORTANT WORK GAINS AN IMPETUS

Third Annual Convention of North Carolina Drainage Ass'n Here Yesterday.

TWO HUNDRED IN ATTENDANCE

Senator Simmons, Congressman Small, Dr. Pratt and Other Prominent Speakers—Smoker and River Trip.

With between 150 and 200 delegates from 25 or more counties from the Eastern and Piedmont sections of the State in attendance, the third annual convention of the North Carolina Drainage Association, having for its object the reclamation and drainage of swamp and other lands, convened in the Court House in this city yesterday morning.

The morning session was featured by an address by United States Senator Furnifold M. Simmons while at the afternoon session the principal speaker was Congressman John H. Small, of the First North Carolina District. Last evening the visitors were entertained at a smoker at the rooms of the Chamber of Commerce by the local committee at which several addresses were made, the pleasant event bringing to a close the first day of the convention. Today the visitors will enjoy a trip down the Cape Fear river on the revenue cutter Seminole and the closing business session will be held aboard the boat.

The convention was called to order at 10:30 o'clock yesterday morning by Hon. J. A. Brown, of Chadbourn, president of the association. After a fervent prayer by Rev. Dr. J. H. Foster, pastor of the First Baptist Church, Mayor Walter G. MacRae welcomed the visitors in his usual happy manner. He said in part:

"Mr. President and Gentlemen of the Drainage Convention: Some one has threatened this convention with a speech from the Mayor. Be of good cheer; for you shall realize, during your stay, that you are welcome, without having to listen to an address upon the Cosmogony of the Universe. Taking the most selfish view of the situation, we want you here, because the eastern part of the State will be most benefitted by your deliberations; but there is no selfishness in the pleasure of receiving you. We wish that every man in the State would come to the city at least once a year; for there is not a nook nor corner of North Carolina which we do not love. In this assembly you have men who have studied and who understand the science of drainage, and you have also men with the executive ability to organize any movement which may be determined upon, and to push it to a successful issue. Therefore the citizens of Wilmington are proud to have you here, and we confidently look for the best results from your work."

President Brown very happily responded to the address of welcome in behalf of the association, thanking Mayor MacRae most heartily for his cordial words, which, he said, were appreciated to the utmost by all those gathered here for the convention. President Brown then digressed to speak of the importance of drainage. North Carolina is now entering upon an era of prosperity and advancement and it is imperative that all swamp and waste lands be reclaimed as soon as possible and used for farming and other agricultural purposes. As an illustration of the value of drainage, President Brown cited the fact that in Chadbourn district last year a sufficient amount of money was made to pay the cost of draining an entire district. What has been accomplished in the Chadbourn district can be done in other sections of the State, he said. He concluded his excellent address with an earnest appeal that the people awaken to a realization of the possibilities which the development of waste and swamp lands has in store for the State.

The report of Dr. Joseph Hyde Pratt, secretary and treasurer, was then called for and Dr. Pratt stated that his report was printed in pamphlet form and contained about 50 pages, copies of which were distributed among the delegates, and it was not deemed necessary to read it to the convention. Dr. Pratt's position of State Geologist keeps him in touch with the drainage work being done throughout the State, and he stated that drainage had been finished already for districts in Wilson and Beaufort counties and in the Piedmont section, while contracts will be let for two other districts in a short time. Dr. Pratt urged all present to enroll as members of the association, the membership fees being only $1 a year.

President Brown appointed the following committees:

Resolutions—Chairman, Congressman John H. Small; Messrs. A. B. Croom, Jr., J. S. Mann, W. C. Stinson and Mr. Privett.

Membership—Dr. Joseph Hyde Pratt, chairman; and Messrs. B. F.

Keith, D. Boughnor, John Wilkinson and J. T. Foy.

Nomination and Selecting next Meeting Place—Hon. John M. Faison, chairman, and Messrs. G. F. Farrell, A. B. Lukens, Sellers, Layton and Pratt.

Mr. J. A. Taylor, president of the Chamber of Commerce, being present, was asked to make a few remarks and he heartily seconded the welcome as extended to the visitors by Mayor MacRae, and also referred in a general way to the importance of drainage. Mr. Taylor made reference to what has been accomplished in the Chadbourn district, following the reclamation of lands once regarded as worthless. Mr. Taylor expressed his deep personal interest in drainage.

Mr. John A. Wilkinson, of Belhaven, a former president of the association, was the next speaker, and he made a most interesting and practical talk. The territory surrounding his home town has been greatly benefitted through proper and extensive canalization of the swamp lands, the land owners making enough from the improved lands in excess of what they formerly made to defray the expenses of the drainage. He could not understand why all the land owners are not in favor of proper drainage when the results are so obvious. Last year two acres of virgin forest land were reclaimed and this year the land has yielded from 10 to 20 barrels of corn to the acre. Mr. Wilkinson answered a number of questions asked by delegates. Three canals have been dug varying in width from 20 to 35 feet and in depth from 6 to 8 feet; one is 11 miles long. The address of Mr. Wilkinson was one of the most interesting and practical delivered before the convention.

He was followed by Mr. Haswell, a representative of the United States Department of Agriculture, who explained different methods of drainage relative to costs and returns. His address was listened to with interest and considered so valuable that it will be published as a bulletin for the benefit of the farmers throughout the State.

The speaker of the morning session, Hon. F. M. Simmons, was then introduced by President Brown and the Senator arose amidst a salvo of applause. In beginning Senator Simmons said that he did not come to the convention to instruct, but to be instructed; that he was a farmer himself and came primarily to receive a benefit from the technical talks which were scheduled to be made by those experienced in the science of drainage and would be glad to present his observations. He told most interestingly what the National government is doing in the reclamation of the arid lands of the West, and referred to the difficulties encountered when an effort is made to secure government aid in the reclamation of the swamp lands in the South, a constitutional question having presented itself which caused some Senators technically to oppose the drainage, but are really in favor of reclaiming the lands if the seeming impediments are removed. The difficulty lies in the fact that in the South the lands are owned by private parties, while in the West the reclamation work carried on by the government is on its own lands, revenues being secured from rentals. The Senator thought that there must be some solution of the matter and that eventually the South would get the much desired aid.

The drainage of the swamp lands in the South has an immediate relationship to the inland waterway development, he said. The thing to do is to convince the National government that the drainage campaign is a National matter and not local and that canals will be deepened and bettered by drainage of swamps. Then it is probable that the government will lend its aid. The campaign will be carried forward along these lines when the next Congress meets. Senator Simmons is satisfied that drainage has an important bearing on health, the swampy lands being partly responsible for malarial fever. He cited the improvement in health conditions in the Philippines, Cuba and Panama through proper drainage. In his European travels the Senator noted many evidences of prosperity in Holland and other countries which have resulted from canalization of low lands. There are a million or more acres of land in North Carolina which might be reclaimed and made to produce big crops, and he expressed the opinion that the time would soon come when these lands would be wealth producing.

At the conclusion of the able address of Senator Simmons, announcements were made after which adjournment for dinner was taken.

The Afternoon Session.

The afternoon session convened at 3 o'clock with President Brown presiding. "Drainage Problems and Drainage Bonds" was the subject of a most interesting and enlightening address by Dr. Joseph Hyde Pratt. After referring to the numerous problems which must be surmounted in the drainage of lands, Dr. Pratt turned to the drainage bonds phase of his address, urging that the drainage laws be carried out to the letter so as not to affect in any way the legality of the bonds. Reference was made at the morning session to the fact that some of the bonds had not found a ready sale, and Dr. Pratt explained that it might also have been stated that the condition of the bond market the past few months has been such that there was little or no demand for any kind of bonds. He could see no reason why during the next two or three years drainage bonds should not find ready and prompt sale. He suggested as an incentive to purchasers that the bonds be exempted from taxation for a period, say for ten years. He asked that the resolution committee consider this suggestion and if favorable to it recommend that the Legislature be asked to exempt these bonds for a certain time.

Dr. Pratt was followed by Mr. Lawrence Brett, of the Brett Engineering Construction Company, of Wilson, who spoke briefly of the "Practical Work Under the North Carolina Drainage Law." He said that the drainage law was as nearly perfect as experience had shown that a drainage statute could be. Drainage he said, had not only proved to be practicable, but profitable, and then mentioned some of the work that is now being done and under contemplation, extending from the coast to the Piedmont section, there being all told more than 25 drainage districts working or in process of formation. The work North Carolina is doing in drainage has been learned of in other States, which are following with similar efforts. One of the greatest drawbacks in this State is the ignorance of the people as to the benefits to be derived from properly drained lands and the prejudice and suspicion of others. The one greatest thing needed now is education of the people to a full realization of the advantages in draining their lands. He said in conclusion that a few minor changes should be made in the present drainage law and suggested the appointment of a committee to make the desired amendments to be submitted to the next Legislature.

Five-minute talks were then called for from the drainage districts. For the Lyon Swamp district, which has now reached the point where bids for the bonds are invited, Mr. B. F. Keith, of this city, was the spokesman. Mr. Keith suggested an amendment in the law whereby drainage districts may be formed in less time than is now required, those behind the movement for the drainage of Lyon Swamp having been on the proposition for nearly two years and are just now reaching the point of beginning actual construction work. He considered that there is too much "red tape" connected with the formation of the districts as the law now stands. It appeared to Mr. Keith that if the United States government could afford to lend money to the West for the irrigation of its lands it could lend money to the South for reclamation of lands. He hoped that North Carolina's representatives in Congress would do their utmost to put the South on a parity with the West. There was prolonged applause when Mr. Keith concluded.

Mr. A. B. Lukens, of Moyock, Currituck county, a member of the commission in the first drainage district organized under the new law, reported that the work of digging a canal 30 feet wide and nine feet deep was started some weeks ago and is now progressing very satisfactorily, working both day and night shifts. He said the people, as a rule, were well pleased with the proposition and the canal draining the large area would be completed. He was followed by Dr. Wm. C. Stinson, of the same section, who said that it was proposed to make Dismal Swamp blossom like the rose. He agreed with Senator Simmons that health is the basis of wealth and is also the basis of morality. He said that he was a Yankee and had not been in the South very long, but when malaria gets in his system, even in a small way, he feels as if he is going right straight to hell. Those who have been living in the swampy section all their lives and getting more of the malarial must fare infinitely worse. Dr. Stinson said that he was very much interested in drainage, not from a mercenary standpoint, but from an altruistic standpoint, feeling certain of the benefits to the health of the people with a corresponding improvement in morals.

Mr. Julian S. Mann, of the board of commissioners in charge of the drainage of the Mattamuskeet Lake, Hyde county, was the next speaker and though he spoke very briefly his remarks were very interesting and well received. Mr. F. F. Whetmore, of Lumberton, told of what is being done in Robeson county, where a drainage district has recently been formed. Mr. Whetmore thought there should be some change in the law requiring summons in person on all land owners not signing the petition for the district. He said that in his county it was impossible to find all the land owners, owing to the fact that some of the land is in controversy. He suggested an amendment to the law permitting service of summons by publication where the parties can not be found.

Several of the speakers referred to the lack of funds to make surveys of drainage districts. They suggested that the State should provide the Geological Survey department with the sufficient funds for the employment of an engineer to make surveys and when the bonds are sold by the drainage districts pay back the amount expended for surveys, this money to be used in similar work elsewhere, under the direction of the Geologist.

Congressman Small.

President Brown introduced Congressman Small, whom he said was noted as a worker for waterways and drainage in season and out of season. Congressman Small spoke in his characteristic vigorous and convincing manner and his remarks fell upon receptive ears. He said that he had come from a very busy season to show his interest in the great work. He did not come prepared to make an information and enthusiasm from the meeting as to make him more ardent in the cause. He said that as important as is the irrigation of arid lands of the West, as important as is the waterway for the turning of the wheels of industries, as important as is the waterway for transportation, etc., none is of more importance than the movement for the drainage of lands. He said that drainage lies at the very basis of agriculture. Unless the lands are drained a farmer, no matter how well versed in agriculture, can not produce crops. As the movement for drainage takes shape, one can but wonder why we were long ni taking hold of the proposition, it having been known for 100 years or more that lands need to be properly drained to produce the best crops. At last the people have started in, to solve the pressing problem. The speaker would join with Dr. Pratt in expressions of gratitude to the United States Agricultural Department for the practical means of initiating the drainage movement. Commendable progress has been made in the last two years. Here the speaker paid a high and well deserved tribute to Dr. Joseph Hyde Pratt as State Geologist, a better and more efficient official the State has never had, he said, and in paying this tribute the speaker voiced the sentiment of those composing the audience, as shown by the hearty applause.

Congressman Small said that there was every indication that we are moving along in drainage, but the movement must continue to grow. He hoped to see at the next convention 1,000 delegates instead of 150 and by that time the number of drainage districts greatly increased. He said that there are very few independent tracts of land in Eastern Carolina that can be efficiently drained without relation to other lands, and this is the reason for the adoption of the present drainage law, to bring about co-operation amng the owners of the lands and carry the water to some stream where it can be taken care of. Not only do the swamp lands need draining, but other lands, 6,000,000 acres of which are now under cultivation, need application of the drainage law.

The speaker here emphasized the two dominant points of his entire address—greater sympathy and co-operation of the people of the cities and towns with the rural folks, and the continuance among the rural folks of the campaign of education. The people who dwell in the cities do not show as much sympathy and co-operation with the people of the rural districts that they should. It is true of Wilmington and every other town in the State. The system of education must be continued among the rural folks themselves, enlightening the ignorant and dispelling the prejudice and suspicion of others. He concluded his very able address by urging the importance of these two points in the movement for proper drainage of the lands. The speaker was frequently applauded and he concluded amidst an outburst of applause that left no doubt of the impression the remarks had made upon the audience.

Secretary Pratt read a telegram from Congressman H. L. Godwin in which he stated that on account of press of official duties on the eve of the convening of Congress he could not be present, which he deeply regretted. A letter was read from Mr. J. O. Wright, drainage engineer in Florida, expressing his regrets at not being able to be present. Several

Good Liver Remedy Free

When you suffer from any form of indigestion it is always well to take something for the liver, as usually the trouble lies there. If you are bilious, have a bloaty feeling after eating, if you belch, if your skin is yellowish you may be sure it is liver trouble.

What you need is something to stir up the liver, to arouse the gastric juices so that they will aid in the digestion of your food. A very good remedy for this, and one highly recommended by those who have used it, is Dr. Caldwell's Syrup Pepsin, which you can obtain of any druggist at fifty cents or one dollar a bottle. But if you have any doubt about its merits, and would prefer to try it first, send your address to Dr. Caldwell and he will promptly send you a free sample bottle.

Thousands of people first learned of this remarkable cure for stomach, liver and bowel troubles through a free sample. Mrs. Frank Lilly of Plainview, Ill., sent for one and it cured her and she is open in saying that she will never take pills or strong cathartics again, as Syrup Pepsin acts so mildly. Mr. W. L. Bryant, the Postmaster at Sardis, Tenn., says he will never be without it again. No sick person can afford to ignore a remedy so highly endorsed as this. It is good for all the family from infancy to old age, because it is mild, free from griping and yet promptly effective. Furthermore, results are absolutely guaranteed or money will be refunded.

Dr. Caldwell does not feel that the purchase of his remedy ends his obligation. He has specialized in stomach, liver and bowel diseases for over forty years and will be pleased to give the reader any advice on the subject free of charge. All are welcome to write him. Whether for the medical advice or the free sample address him Dr. W. B. Caldwell, 541 Caldwell building, Monticello, Ill.

"Cured Neuralgia Pain"

"I take pleasure in writing to you that I had a neuralgia pain in my arm for five years, and I used your Liniment for one week and was completely cured. I recommend your Liniment very highly."—MRS. J. MCGRAW, 1216 Mandeville St., New Orleans, La.

Cured Quinsy Sore Throat

MR. HENRY L. CAULK, of 1242 Wilson St., Wilmington, Del., writes:—"I bought a bottle of Sloan's Liniment for the quinsy sore throat and it cured me. I shall always keep a bottle in the house."

SLOAN'S LINIMENT

gives instant relief from rheumatism, lumbago, sciatica, neuralgia, croup, sore throat, tonsilitis, hoarseness and chest pains.

Prices, 25c., 50c. & $1.00

Sloan's book on horses, cattle, sheep and poultry sent free. Address

Dr. Earl S. Sloan, Boston, Mass., U. S. A.

Women Who Doubt

the ability of Lydia E. Pinkham's Vegetable Compound to cure female ills are requested to write to any or all of the women whose correct names and addresses are given below, and see what they say—you are not obliged to take our word for it—ask the women who know from personal experience that Lydia E. Pinkham's Vegetable Compound can and does cure female diseases.

IN PROGRESSIVE COLUMBUS

Good Roads Progressing—Farm Lands in Demand—Whiteville Street Paving—Thanksgiving Hunt—Other Notes.

(Special Star Correspondent.)

Whiteville, N. C., Nov. 22.—Mr. Clyde K. Council, of Wananish, who is the progressive leader of the good roads movement in Columbus county, was in Whiteville this week, and in an interview with the Star's reporter said they intended to have the people vote on a bond issue to build good roads and he has no doubt about their being carried. The farmers are fast getting educated as to the importance of good roads, and are anxious to have them made. One half of their cost will come out of foreign corporations and 30 per cent. of the remainder from manufacturing enterprises and the incoporated towns, so that farmers will have only some 20 per cent. of the burden to bear and be the greatest beneficiaries. Mr. Council says that while attending the Good Roads meeting recently held at Maxton, he was carried out about 20 miles in a motor car into Scotland county. He says he saw a number of large cotton fields from which not a lock had been gathered as farmers found it impossible to get hands. But this cotton was then being picked. A storm would have wrought great destruction.

Mr. Lloyd Smith of Wananish, was in Whiteville this week, and stated to your reporter that he had a few days previously met a party from Scotland county, a renter, and who ran 11 plows. This farmer had cleared enough money to buy a farm and was in Columbus on the lookout for land. He stated to Mr. Smith that not an acre of ground could be bought in Scotland county for less than $100, that he knew about, and having heard of the rich and cheap lands in Columbus he and his neighbors were investigating the same with a view of locating here.

The Presbyterians of Whiteville will meet in a few days to decide about building a new church. Three members have each subscribed $500, and the necessary money to erect a handsome brick building, it is thought, can be raised. It is proposed to put the new church on Madison street, midway Whiteville and Vineland, as most of the members live in Vineland. Rev. Fred Smith, pastor, has done a good work in building up his church, and its membership is being increased.

Mayor W. Ross Davis returned last evening from Augusta, Ga., where he went to investigate that Beech Island cement gravel for paving our streets. Mayor Davis is well pleased with this paving material, and will advocate its adoption by our Town Council. He has secured freight rates and prices, and estimates that Whiteville can pave Madison street from the depot to the Court House for about $6,000, which includes material and grading and putting down the same. The cost delivered will be a fraction over 24 cents per square yard. Mayor Davis said he went over miles of streets and roads on which this material is used and it is as hard as stone, and it is claimed that it will last a century when put down six inches; but he thinks four inches will answer every purpose for Whiteville.

The Mayor and Council met last night to discuss the matter, and Mr. W. L. Spoon, a road-making expert, of Chapel Hill, N. C., was present to advise with them. Mr. Spoon has been in the employ of the General Government and thoroughly understands road-making. The general opinion is that the town authorities will adopt this Beech Island cement-gravel and the work of improving the streets of our town will soon be start. Mayor Davis says their first work will be on Madison street, and when this is put in perfect order other streets will be taken in hand and improved. It is thought that the $20,000 bond issue will give our town the best streets of any place in the South to its population.

There will be a great deer hunt on the preserves of the Waccamaw Game Club, near Wananish, on Thanksgiving day, and hunters from all over the State are expected. Arrangements are being made for the grandest hunt in the history of the club. A number of Wilmingtonians are members, and of course they will be there. Last week the deer were given a rest, only one being killed on the game preserves. A number of bird hunters from Wilmington were out however, and got full bags.

BEST NORFOLK SERVICE.

The Atlantic Coast Line's through night service between Wilmington and Norfolk has pre-eminent advantage, in that it is the only through car or double daily route and does not require a midnight or early morning transfer of trains and depots.

Sleeper leaves Wilmington 7:00 P. M., arrives Norfolk 8:00 A. M. next day. Parlor car leaves 8:40 A. M., arrives Norfolk 5:55 P. M. same date.

No change of sleeping cars or day coaches between Wilmington and Norfolk, and the trains run every day in the week. For reservations and further particulars, call 'phone 160.

AFFAIRS AT STATE CAPITAL

Episcopal Orphanage Makes Appeal—Hasty Ginning Co.—D. S. Kennedy, of Duplin, Dead—Other News Notes.

(Special Star Correspondence.)

Raleigh, N. C., Nov. 22.—In a statement issued by Supt. W. J. Smith, of the Thompson Orphanage (Episcopal) in connection with an appeal for liberal aid in the way of Thanksgivings offering, he makes the notable statement that this institution—the orphanage for the denomination in this State—has at this time only $2.01 to it credit in bank and is indebted to Charlotte merchants for supplies to the amount of $475.

Established 23 years ago with a matron and four children as inmates, this orphanage has taken care of 427 children and has a present capacity, well occupied, of 65 or 70.

The Hasty Ginning Co., Scotland county, was chartered today with $10,000 capital by Alex. Jones, H. W. McLaurin and others for general cotton ginning business.

After serving 10 of a 12 months' sentence for stealing a small quantity of beef and having his leg broken a month ago while at work with a squad of convicts, Andrew Hill, a 15-year-old negro of Wake county, is pardoned by Governor Kitchin on recommendation of the county authorities on the ground that he has been sufficiently punished.

The Supreme Court called for argument today appeals from the 13th judicial district, embracing Catawba, Alexander, Caldwell, Mitchell, Watauga and Ashe counties.

The State Department of Education has received official notice of the death of D. S. Kennedy, superintendent of public schools in Duplin county. He died Saturday at his home in Kenansville, of paralysis. He was an aggressive and successful superintendent.

A steady growth of local tax districts for the improvement of public schools is reported at the State Department of Education. The latest successful election for this purpose was in Green county Saturday—the second for this county, which only recently made a start in this important work. There are now upwards of 1,200 of these local tax districts in the State. New Hanover county is one of the few counties enjoying the distinction of having the whole county included in these districts.

ROCKY MOUNT ROBBERY.

More Goods Recovered—Negro Charfied With Killing at Large.

(Special Star Correspondence.)

Rocky Mount, N. C., Nov. 22.—Due to clever work on the part of the police, in addition to the trunkful of goods recovered Sunday night, the officers have recovered a second trunkful of property taken in the robbery of the Blount Co., store Sunday night, at Black Creek. The last trunk recovered contained 12 pairs of pants, 12 coats, five vests, three overcoats, four shirts, ties, etc., all of which have been identified by Mr. J. D. Blount, of the firm. The trunk was carried to Black Creek by Molly Robertson, colored, who was bound over to court this morning, charged with receiving stolen goods.

Joel Daughtry who shot and killed another negro at a dance near here Saturday night, is still at large. Sunday afternoon two officers came upon him at the house of his family, but he escaped through a side door and has not been heard of since.

DIED IN HOSPITAL.

Mr. Fred Ward, of Norfolk, Succumbs to Appendicitis.

(Special Star Correspondence.)

Goldsboro, N. C., Nov. 22.—Mr. Fred Ward died this morning at the Goldsboro Hospital as a result of an operation for appendicitis. He was 32 years of age and his home was in Norfolk, Va.

WELLBORN WOMAN SAVED FROM DEATH

Mrs. Scott Tells About Her Experience, and Expresses Thanks in a Few Well Chosen Words.

Wellborn, Tex.—"Words cannot describe my gratitude," says Mrs. M. J. Scott, of this place, "for Cardui. It is the finest medicine ever discovered. I suffered with womanly pains more than any one ever could. I was fully convinced that I would die, and I had almost given up to hopeless despair. At last, I took Cardui, according to the directions, and the lump in my side has entirely disappeared, after several physicians had said I could never recover, without a surgical operation. I am now a well woman and do all my own work. Cardui saved my life and I can't say enough in its favor. It is the finest medicine ever discovered. I will praise it as long as I live."

Do you suffer from any form of womanly weakness or irregularity? Try Cardui. It helps nature to perform a cure in a natural, easy manner. It builds up the womanly constitution, and restores lost nervous energy.

For more than 50 years, Cardui has been helping sick women back to health. It will mean a great deal for you if it cures you. Why not test it for yourself?

N. B.—Write to: Ladies' Advisory Dept., Chattanooga Medicine Co., Chattanooga, Tenn., for Special Instructions, and 64-page book, "Home Treatment for Women," sent in plain wrapper, on request.

EDUCATION IN NASH.

Teachers Meet at Nashville Friday—Interest in Education.

(Special Star Correspondence.)

Nashville, N. C., Nov. 22.—The county superintendent of schools is arranging for a meeting of all the teachers of the county here Friday. Morning, afternoon and evening sessions will be held while the young people of the town are arranging social diversions for the visitors who will be entertained in the homes of Nashville people.

The Middlesex School is one of the most progressive in the county. A few nights ago a box party was held at the school and $141 was realized for improving building and grounds. The Middlesex people pay 30 cents on the valuation of property and 20 cents on the poll for the support of their school. A few evenings ago a box party was held at Oak Level and nearly $50 were realized. The people will shortly vote on the question of local tax for schools.

"Jeems" Wilkins, colored, is sent to the roads by the Nash recorder for two years, for resisting an officer at Spring Hope.

A Household Medicine.

To be really valuable must show equally good results from each member of the family using it. Foley's Honey and Tar does just this. Whether for children or grown persons Foley's Honey and Tar is best and safest for all coughs and colds. Robt. R. Bellamy.

CHILDREN IN THE HOME

The highest type of happiness is reached by having children in the home; but the coming of the little ones is often attended with apprehension and dread. Mother's Friend if used by the expectant mother in preparation of the ordeal, carries her through the crisis with safety. This great remedy assists nature in all necessary physical changes of the system, affords bodily comfort during the period of waiting, and preserves the symmetry of form after baby comes. The penetrating and soothing qualities of Mother's Friend allays nausea, prevents caking of the breasts, and in every way contributes to strong, healthy motherhood. Mother's Friend is sold at drug stores. Write for our free book containing valuable information for expectant mothers.

THE MORNING STAR

Published by the WILMINGTON STAR COMPANY (Inc.) Wilmington, N. C.

Entered as second-class matter at the postoffice at Wilmington, N. C. under act of Congress, March 2nd 1874.

FULL ASSOCIATED PRESS REPORT.

PUBLISHERS' ANNOUNCEMENT.

THE MORNING STAR, the oldest daily newspaper in North Carolina, is published daily except Monday, at $6 per year, $3 for six months, $1.50 for three months, 50 cents for one month, served by carrier in the city or by mail.

THE SUNDAY STAR, by mail, one year, $1; six months, 50 cents; three months, 25 cents.

ADVERTISING RATES may be had on application and advertisers may feel assured that through the columns of this paper they may reach all Wilmington, Eastern Carolina and contiguous territory in South Carolina.

Obituary sketches, cards or thanks, communications espousing the cause of a private enterprise or a political candidate, and like matter, will be charged at the rate of 10 cents per line, or if paid cash in advance, a half rate will be allowed. Announcements of fairs, festivals, balls, hops, picnics, society meetings, political meetings, etc., will be charged under same conditions except so much thereof as may be of news value to readers of the paper.

Advertisements discontinued before expiration of contracts are charged transient rates for time actually published. Payment for transient advertisements must be cash in advance. Contract advertisers will not be allowed to exceed their space at same rates or advertise anything foreign to their regular business without extra charge. Advertisements to occupy special place will be charged for according to position desired.

TELEPHONES: Business Office No. 51; Editorial and Local rooms No. 61. Call either if the other doesn't answer.

COMMUNICATIONS, unless they contain important news, or discuss briefly and properly subjects of real interest, are not wanted; and if acceptable in every other way, they will be invariably rejected unless the real name of the author accompanies the same, not necessarily for publication but as a guarantee of good faith.

Wednesday, November 23, 1910.

It is said many Democrats are in Washington looking for government jobs. Republicans will object to that because they are satisfied that to the victims belong the spoils.

The Columbia State observes: "There is no better fed set of people on earth than the South Carolinians." No doubt, however, while catering to their appetites, many of them get "in the soup."

"Who'll be the next President?" inquires a contemporary. Owing to our friendly feelings and intimate relations with Woodrow Wilson and Judson Harmon, we do not care to go into personalities.

Ex-President Roosevelt, while in Washington a few days ago, visited the new executive offices. No doubt they looked mighty good to him and may serve to keep him from being so awfully quiet in 1912.

A great deal of discussion is going on as to who is the prettiest girl in Washington. If there are many North Carolina girls there now it would be hard to decide which one of them is the prettiest girl in Washington.

Judge Baldwin, the new Democratic Governor of Connecticut, also wears a big set of whiskers. This may be a pretty good sign that he will be able to mop up the floor with Col. Roosevelt when he gets after him.

If Colonel Roosevelt is going to do nothing but keep quiet, he should carry out his threat to chase crooks. He can light out at once for Congressman-elect Caleb Powers, of Kentucky, and Congressman-elect Curley, of Massachusetts.

A New York paper says: "A suffragette flew around the corner when she saw a policeman coming." Unless policemen are aviators it will be impossible for them to catch a suffragette on the wing. We know a suffragette who "flew into a rage" and when she did it her husband "burned the wind." A suffragette does about as many flying stunts as an aviator.

A New York dispatch says the number of unemployed in the United States is estimated at 4,500,000—more people than were in the colonies when the United States won their independence in 1776. It is said fifteen per cent. of the unemployed are in New York city and vicinity and that much suffering is anticipated this Winter. This does not speak well for Republican high tariff and prosperity.

Says the Salisbury Post: "What North Carolina needs is for our next Legislature to put a State tax on dogs and place sheep on the free list. This would greatly encourage the raising of sheep within our borders and be a long step forward in reducing the present high cost of living." The Post is quite right, but we fear the members of the Legislature will be caught currying favor with their cur dog constituency.

The Columbia State remarks: "We see that Colonel Roosevelt is to have several articles on "the abandoned farms of New York.' The New York officials declare there are no abandoned farms in that State. That gives the Colonel a clear field." Most of the Colonel's articles on "the abandoned farms of New York," will consist of calling the State authorities liars for attempting to lead the public to believe that the Colonel doesn't know what he is talking about.

COMMERCE BUILDING.

The special meeting of the Wilmington Commerce on Monday was significant particularly for two things. First and foremost, there were evidences in the meeting of more elbow touch on the part of our citizens than has been noticeable for some time. In the second place, the enthusiastic and earnest interest displayed in the purpose for which the meeting has been called was impressive and full of meaning.

This special meeting of the Chamber was called to consider the proposition to erect a handsome Chamber of Commerce building on Front street or at some other eligible location in the city. The meeting seems to have been one with an earnest purpose, for it was unanimously in favor of the erection of a large and magnificent office building. Moral and financial support was pledged for the undertaking, so what more is needed? It would strike us that all that is needed now to rear a moern structure that will be a credit to the Chamber of Commerce and to the city of Wilmington, is to go to work while the spirit and determination of the Chamber is unanimous and while vital moral and finnacial support is standing back of the movement. The next step is to arrange the details and start the building.

The structure in contemplation and for which plans are pretty well in hand would cost about $162,000, including the cost of the building lot. Men with the confidence of the community, good business men with safe and sane ideas, have figured on the proposition as an investment and they heartily endorse the proposition to erect that Chamber of Commerce building. A good showing was made for the financial outcome of the investment and we are inclined to believe that the gentlemen who figured upon it are extremely conservative and far under the mark, when we consider the real commercial importance of Wilmington, its substantial progress, and a future which is not only promising but assured. Instead of a $162,000 home for the Chamber, we believe the Chamber could have as easily figured on a building that would cost $300,000.

We say that because we have confidence in Wilmington, and we are confident that all we have to do to make Wilmington what it ought to be is for every business man and citizen in it to be unanimous and united in their confidence in their city. Not only the geographical situation of Wilmington with reference to its position on the Atlantic ocean as a port capable of future development, but the actual business and commercial achievements of the city and port, and the fertile and productive region lying all around the city, with its unrivalled potentialities for trucking and general agricultural purposes, are elements which constitute the strongest ground for confidence in Wilmington's future. Wilmington's superb climate alone is a tremendous asset, but the most practical demonstration of the fact that we have a substantial and growing city is the remarkable growth of the city's commerce, the marvellous increase of its banking institutions and the prosperity of its mercantile establishemnts. All these evidences of progres and prosperity are paraded before our eyes daily, so there is nothing over which to hesitate. We should do business and get a move on us and not "lag superfluous on the stage."

The most gratified sign of an awakened public spirit in that building meeting of the Chamber of Commerce was the attendance of citizens representing nearly all classes of our mercantile, commercial industrial and professional life. There were in attendance merchants, brokers, jobbers, bankers, real estate men, lawyers, doctors, and even the religious and moral part of the community was represented by one of Wilmington's most popular and public spirited preachers. For an initial meeting of the kind there was a good attendance, but the meeting should have been more largely attended by all classes of our business men. The whole city should have turned out at that meeting because the purpose was worthy of it and demanded serious attention.

Of course, every business man in the city doesn't belong to the Chamber of Commerce, but that is his fault. The absence of any member of the Chamber and of any business man not a member of the Chamber is their own fault. In order to accomplish anything, Wilmington men have got to get the elbow touch. The matter of passiveness, indifference or mild interest in any undertaking sprung by the live part of the community will have to be cut out. The leaving and progressive movements and undertaking for a few men will have to cease. Every citizen must make up his mind to be one of the live assets of Wilmington. There isn't any excuse for being anything else in a good city like this.

The business and professional men of Wilmington must build their city so they won't have to blame the census ten years from now. The best way to co-operate in the progressive movements in behalf of this port and the city is to get in touch with the Chamber of Commerce. In it Wilmington already has an established organization with powerful influences and gigantic possibilities for the upbuilding of Wilmington as a port and business centre. The citizens who doesn't belong to the Chamber of Comerce or its adjunct, the Commercial Club, should be court martialed.

The Chamber of Commerce already has an effective organization, it is a representative body of the commercial and business life of Wilmington. It already maintains commodious quarters for meetings and employs a permanent secretary who is on his job every day. For the use of one class of its members, the Chamber of Commerce receives by wire and posts the daily market quotations from the commercial centres of the world, but it also has in it the element of making a liver man out of every citizen who gets in touch with it. The Chamber of Commerce members and the Commercial Club members not only promote the interests of the city, but they reap a great benefit themselves. When a man gets out among live wires he will cease to be a dead duck himself.

The Star is in favor of a Chamber of Commerce Court for the trial of every Wilmingtonian who is falling down on the opportunities of his city and of himself and the only terms upon which convicted parties can secure a suspension of judgment should be that they should at least join the Commercial Club, which promises to be a great factor in the development of Wilmington. The Commercial Club has occasional and special meetings, and luncheons and talk fests, that are not only interesting and beneficial but enjoyable. The Chamber of Commerce is open daily to care for its commercial work but we expect to see the day, after the new building shall have been erected, that the rooms devoted to the Commercial Club shall be kept open every night till midnight.

Indeed, we are not so sure but what it would be a good idea to have some nightly intercourses now that the live wires can come in contact, so that by the time the Chamber of Commerce building is up and ready for business we will be used to open Chamber of Comerce rooms both day and night. When we get to doing that there will be something so metropolitan about it that Wilmington will look like the real thing.

All crooks who haven't been chased will please send a map of their trail to T. R., Oyster Bay, N. Y.

What are you doing for Wilmington? If you are not doing anything, how can you expect any other citizen to get a moove on him?

A Chicago man claims he can make himself glad by thinking. We know some people who make others mad by telling them what they think of them.

South Carolina is to have a corn exposition at Columbia December 5 to 8. We should have something like a Korn Karnival in Wilmington next Fall.

Two years from now a Democratic President will take charge of the affairs of this country just in time to see that the Panama Canal is completed in good shape.

GREAT FOOTBALL GAMES.

Notable Games Are Scheduled for Thanksgiving Day at Richmond and Norfolk, and the Coast Line is Offering Low Excursion Rates.

Probably the most interesting and certainly the most talked of football games of the season will be played at Richmond by the University of North Carolina versus the University of Virginia and at Norfolk by the A. & M. and the V. P. I., teams on Thanksgiving Day. Lively interest is manifested throughout North Carolina and Virginia and the largest attendance at both points are promised that has ever been seen at similar events in either State.

The Atlantic Coast Line has announced very low round trip rates from every station in North Carolina and Virginia. The tickets are on sale from Wilmington today only, as the train leaving tomorrow morning will not reach Norfolk or Richmond in time for the games. The rates are $7.00 to each point and the tickets will be good to return on or before Saturday. no 23-1t.

Nunnally's

No purer, daintier candies than Nunnally's could be made. Every box is generously assorted. *Name* and *quality* the *standard* 25 years.

We receive express shipments almost daily.

OUR DRAINAGE MOVEMENT.

The convention of the North Carolina Drainage Association, which met in Wilmington yesterday, will serve to emphasize the importance of drainage from one end of the State to the other. The interest in the movement has greatly increased since its organization three years ago and not only the swamp counties but the Piedmont and even the mountain counties have representatives in attendance upon the Wilmington convention. It is being recognized that the mountain lands and the bottom lands of the Piedmont country also need drainage and reclamation in a great many instances, and after this convention completes its work the question will assume even greater importance throughout the State than it has in the history of the Commonwealth. The papers all over North Carolina have contained articles on the North Carolina drainage movement and concerning the meeting of the association in Wilmington, and even outside the State, the matter has attracted a gerat deal of attention and created comment. The Norfolk Virginian-Pilot of Monday says:

"The North Carolina Drainage Association, which will meet in convention at Wilmington this week, is doing a great and valuable work for the Old North State. The primary object of this association is to encourage and facilitate the reclamation by drainage of vast areas of swamp and water-soaked lands in different sections of the Commonwealth. Already thousands of acres of highly fertile but hitherto untillable lands have so been added to the State's arable area, while the various drainage schemes now under consideration embrace, in the aggregate, hundreds of thousands of additional acres. In addition to this, the association's efforts are to be directed to draining properly areas now under cultivation but improperly drained, and so to increasing the productivity of such lands. The result is bound to be increased wealth and accelerated prosperity not only for the sections immediately affected but for the Commonwealth at large. In its effort to solve the reclamation problem North Carolina is setting an example which some of her Southern sisters are already following and which all would do well to imitate. The matter is one which properly comes within the jurisdiction of the several States as such and which the several States as such should and are competent to handle."

One of the results of this convention will be the organization of quite a number of "Drainage Districts," provided for in an act passed by the General Assembly of North Carolina at its last session two years ago. This act enables communities or districts to co-operate in the corporation of "Drainage Districts," which can issue bonds and thus finance their drainage projects. Otherwise, sufficient capital could not be secured in communities or by individuals to carry on drainage projects on a more extensive scale than could be undertaken by private individuals. It is a good law and will proove exceedingly valuable to the State, as owing to private and State ownership of lands, the National government cannot aid in these local projects.

Besides the importance of reclaiming fertile bottom and swamp lands and generally benefitting such lands as can utilize tile drains and terracing, the drainage districts will put on the market a good class of securities at good interest. These drainage bonds will furnish good collateral for loans or investments by local capitalists and banks, while the projects generally will give employment to a large number of hands. Drainage is decidedly a progressive movement and we are laying great store by it as a factor in developing eastern North Carolina.

CURRENT COMMENT.

"Winsome Wilmington," is what the Star terms North Carolina's chief seaport. That slogan rather takes the shine off "See Charleston First."—Charlotte Observer.

All the increased cost of living is not attributable to the protective tariff. Much of the earning capacity of housekeepers and others is nullified through loss of time meddling with other people's affairs.—Columbia State.

Mr. Robert L. Gray, lately editor of the Wilmington Star, has departed from the Richmond Virginian for the Munsey newspapers, locating with the Baltimore News. Many of us are interested in this announcement. Mr. Gray is a truly gifted writer and will always do credit to the State where he was born and bred.—Charlotte Observer.

At the Republican convention in Saratoga, the delegates from 29 counties voted for Roosevelt for temporary chairman, while the delegates from 27 counties voted for Sherman. Five counties divided their votes equally between Roosevelt and Sherman. At the election on November 8th, the plurality for the Democratic candidate for Governor in the 29 Roosevelt counties was 51,978, and in the 27 Sherman counties, 9,829. The plurality for the Democratic candidate for Lieutenant Governor in the 29 Roosevelt counties was 35,172, and in the 27 Sherman counties, 5,526.—New York Sun.

A meeting was held at Lumberton on Saturday to organize a good roads association for Robeson county and a correspondent of The Robesonian offered some preliminary suggestions for consideration which are of interest beyond the locality to which they have special reference. This correspondent sizes up the general situation as follows: "Robeson county abounds in good roads possibilities. Some of these are along roads now established. Others would better be re-located in order to straighten and secure a more easily improved route. In still other places an entirely new road would stimulate undeveloped territory and be of great benefit to the traveling public." It may be remarked that the same three alternatives are open to builders in every section of the State. With regard to new routes this observer outlines one lying between Maxton and Lumberton which offers some unusual features. His idea is to utilize the line of the main drain of Back and Jacob swamps. "The road," he explains, "would be constructed by merely leveling off the spoil bank on one side of the ditch as soon as properly settled. This would cost little compared with the building of any other road of equal merit. The course would be direct, almost an air line. There would be an entire elimination of grades, not a suspicion of a hill occurring in 24 miles, and there would be no sharp turns. All the necessary material for a first-class road is immediately available at all points along the line and this material is of the best wearing quality, thus insuring a low cost of maintenance. Last and greatest of all, this road would have perfect drainage." The Robesonian's correspondent has outlined some very attractive features possessed by this proposed new route and there are doubtless many other such swamp roads which wait for the building in other sections of this State.—Charlotte Observer.

Shall Women Vote?

If they did, millions would vote Dr. King's New Life Pills the true remedy for women. For banishing dull, fagged feelings, backache or headache, constipation, dispelling colds, imparting appetite and toning up the system, they're unequalled. Easy, safe, sure. 25c at Robert R. Bellamy's.

Thanksgiving Proclamation

BE IT KNOWN: that in accordance with the custom of our forefathers, and the recommendation of His Excellency, the Governor of this, our Commonwealth, we shall set aside Thursday, November 24th, as a day for thanksgiving and feasting; and the merchandise operation of this store, all and sundry, shall cease for the time being.

BE IT FURTHER KNOWN: that we hereby designate the days between now and Thursday as days of preparation—bringing forward for the benefit of all good housewives who visit this store, all the paraphernalia which may be needed to make Thanksgiving a joyous occasion in each and every home. Particularly worthy are these handsome Table Linens—and priced specially for this occasion:

64-inch-wide Mercerized Table Clothe 60c. value this week only the yard 49c
72-inch wide Mercerized table Damask, good quality patterns 85c values this week only. 69c
64-inch white table Linen Damask, beautiful patterns 75c. values now only..... 59c
70-inch white linen Damask $1.25 values fine patterns, this week 89c
Mercerized and all linen Napkins, in great variety, to match almost any pattern wanted—98c to $3.50 the doz.

New China and Fancy ware now on display. Wonderful Assortment.

HONOR DEPARTING MINISTERS

Four Pastors Who Conclude Their Work in Wilmington Tendered Delightful Oyster Roast Yesterday.—Pleasant Affair.

As a tribute of esteem and good will to Presiding Elder Cuninggim and the three Methodist ministers, who this month conclude their labors in Wilmington with the close of the conference year, a delightful oyster roast was tendered them yesterday at the "Lighthouse," on Wrightsville Sound, by the Board of Stewards of Grace M. E. Church, the outing having been attended by the ministers and representative laymen from all the city churches, who made the occasion one of much interest and delight.

The four honored guests of the occasion were: Rev. W. L. Cuninggim, presiding elder of the Wilmington district; Rev. T. A. Smoot, pastor of Grace M. E. Church, who has been transferred to the pastorate of Epworth Church, Norfolk, Va.; Rev. K. D. Holmes, pastor of Fifth Street M. E. Church; and Rev. E. R. Welch, pastor of Trinity church, who has been transfered to the pastorate of a church at Lindsay, Oklahoma.

The large party went to the Sound on a special car leaving the city at 3:30 o'clock and upon arrival at the Lighthouse, everything was in readiness, and the oysters were served in most pleasing manner by Mr. J. O. Bowden, who has catered for a number of interesting gatherings at the Lighthouse this season.

Following the enjoyable oyster roast, short speeches by the laymen representing the various churches, were in order and this feature was carried out very successfully with Mr. W. B. Cooper, acting as toastmaster, on behalf of the Board of Stewards of Grace church.

The four ministers, who are to leave, are so well known in Wilmington by the general public and for several years have been such strong factors in the community, that marked tribute was paid them individually and collectively for their good work and earnest accomplishments and many expressions of regret were voiced at their contemplated departure.

Mr. W. B. Cooper, acting as toastmaster, made a short, concise speech, remarking in thoughtful manner about the four ministers and made plain the object of the gathering and the tribute due them by the people of the city. He referred in most complimentary words to the activity of Rev. W. L. Cuninggim, the presiding elder, in the Sunday school work in his district, having been associated with him to a great extent in this feature of his work, as chairman of the Sunday School Board.

Mr. W. M. Cumming, as a Presbyterian laymen, responded in his usual pleasing style and paid handsome tribute to the retiring ministers, with whom he has personally associated and he regretted that the community had to lose them and to part with their intimate friendship.

Geo. Rountree, Esq., as an Episcopal layman, made a telling short talk, which was a distinct feature. He began by referring to the wit and humor of Mr. Cumming, who preceded him, and regretted that he was not gifted along this line, but from the standpoint of a lawyer, who are supposed to know things and not usually tell them as ministers do, casually remarked "that all of us can't be Iredell Meares and Herbert McClammy." He spoke of his acquaintance with Rev. T. A. Smoot, who has been one of the most influential ministers of the city. Then turning to Rev. W. L. Cuninggim, whom he has had the pleasure of knowing for a number of years, he paid special tribute to him as a man and a minister, and declared that there was no community that wouldn't be greatly benefited and enriched by his presence. He referred to him as one of the wisest, sanest thinkers he had ever known, and whose advice, even on political matters, was considered invaluable.

Mr. Geo. Leftwich, spoke as a representative of the Baptists of the city; Mr. M. G. Tiencken, for the Lutherans and Adjutant Williams, for the Salvation Army. All of them expressed great pleasure in paying tribute to the four ministers and regretted their early departure from the city. Mr. H. G. Bowden spoke in behalf of the Y. M. C. A., and his pleasing relations with the honored ministers of the occasion.

Dr. David G. Wylie, pastor of a Scotch Presbyterian church in New York, who is the guest of Rev. A. D. McClure, D. D., also responded to the call of the toastmaster and made many pleasing and interesting remarks that added delight to the occasion.

The following ministers and laymen representing the various churches of the city were present: Rev. T. A. Smoot, pastor of Grace church; Rev. K. D. Holmes, pastor of Fifth Street Methodist; Rev. E. R. Welch, pastor of Trinity Methodist; Rev. W. L. Cuninggim, presiding elder; Rev. W. L. Rexford, pastor of Bladen Street Methodist; Rev. A. D. McClure, D. D., pastor of St. Andrew's Presbyterian; Rev. J. S. Crowley, pastor of Immanuel Presbyterian; Rev. J. M. Wells, D. D., pastor of First Presbyterian; Dr. J. H. Foster, of the First Baptist; Rev. C. F. Whitlock, of Brooklyn Baptist; Rev. David G. Wylie, of New York; Adjutant Williams, of the Salvation Army. Laymen: Dr. J. H. Dreher, Herbert McClammy; W. B. Cooper, Geo. Rountree, Dr. Bulluck, Geo. E. Leftwich, Dr. Akerman, W. M. Cumming, J. B. Mercer, J. H. Hanby, W. E. Perdew, Harry S. McGirt, B. C. Moore, Bruce Taylor, M. G. Tiencken, A. G. Hankins, H. M. Foard, H. G. Bowden, J. B. Huntington and S. H. Burtt.

One of the pleasing incidents of the outing was an address by Rev. Mr. Cuninggim, whose work in th district has been little short of marvelous. He said that during his term on the Wilmington district there have been 1,700 confessions of faith, a net gain of 1,350 church members. Nineteen new churches have been established, 14 of the number being in unoccupied territory.

First Presbyterian Church.

In view of the lecture of Dr. Fallon, in the Chadbourn Memorial Hall, of the First Presbyterian Church, tonight at 8:30 o'clock, and the Thanksgiving service tomorrow at 11 A. M., there will be no prayer meeting service there tonight.

CLOSING OF CHURCH.

Statement From Committee of Publication of the Christian Scienist.

Boston, Mass., Nov. 18th, 1910.

To the Editor:—The several explanations which have lately appeared in the Wilmington papers in regard to the closing of the doors of First Church of Christ, Scientist of your city have in no case clearly stated the real issue.

The Directors of the Mother Church, by whose orders the recognition of the Wilmington church by the Christian Science denomination was withdrawn, do not consider the matter as in any way personal. Their action was directed only against a false sysytem claiming to be Christian Science, but in reality its opposite; and they have only the kindest of feelings toward the good people who in many cases quite honestly believe that they are right in the position they have assumed.

Mrs. Augusta E. Stetson of New York was dropped from membership in The Mother Church and in the Christian Science branch church in New York, with which she had for years been affiliated, because of her persistence in certain practices and teachings which are foreign to Christian Science and which could not be tolerated by the Christian Science denomination. Notwithstanding the fact that volumes of incontrovertible evidence, fully substantiating the charges on which Mrs. Stetson and some of her followers were disciplined, have been at all times available to those who wish to know the facts, the personal attachment of the members of the Wilmington church seems to have been sufficient to cause them to be willing to assume that the action taken in Mrs. Stetson's case was unjust and wrong and that her methods and practices have always been above reproach.

All true Christian Scientists are glad to extend to their brethren the same religious liberty which they demand for themselves; but the constituted authority of the Christian Science denomination was in duty bound to protect the public by withdrawing official recognition from the Wilmington church so long as a majority of its members supported the pretended Christian Science practiced by Mrs. Stetson. Yours truly.

ALFRED FARLOW.

DR. GRENFELL'S MISSION.

Interesting Lecture Tonight at First Presbyterian Church.

One of the noblest missions in the world is that of Dr. Grenfell, on the coast of Labrador. Before he began it the sturdy fishermen of that rocky, ice bound coast, the traders, the lighthouse keepers and the Esquimaux of the North were absolutely without medical attention. Their sufferings were often intense and their lives lost for lack of the simplest surgical attention. A young English doctor of high attainments and bright promise, his attention was called to the dire need of that coast and he gave himself to the work of relieving their suffering and at the same time ministering to them in spiritual things. Since then his work and that of his helpers has come to be known around the world.

For two Summers Dr. Louis F. Fallon, of Wayne, Pa., has been assisting Dr. Grenfell in the great work. Dr. Fallon reaches the city today and tonight at 8:30 will speak on Dr. Grenfell's work in the Memorial Hall of the First Presbyterian Church. His lecture will be illustrated with a fine series of stereopticon views. The work is interdenominational and all are cordially invited. There will be no admittance fee, but a collection will be taken to defray the expenses of Dr. Fallon's visit.

On Thursday evening at 8 o'clock. Dr. Fallon will speak again in the Parish House of St. James' Episcopal Church.

PENDER FOR GOOD ROADS.

Enthusiastic Conference Held Here Yesterday at The Orton.

Pender county is largely represented at the drainage convention now being held in Wilmington. That county's excellent citizens who are delegates are alive and active and they are not only deeply concerned in the drainage movement but also in good roads. Yesterday afternoon at The Orton the Pender delegation held a conference on good roads and they have doubtless taken steps that will line up Pender with progressive movements now on foot for development on broad lines all over the State. It was decided to call a mass meeting of the citizens of Burgaw at noon on the first Monday in December for the purpose of launching a good roads campaign in Pender. Among those at the conference yesterday were Representative-elect W.W. Alderman, ex-Senator J. T. Foy, Commissioner Geo. J. Moore, Mr. A. B. Croom, Jr., Editor L. McNeill, Messrs. T. T. Murphy, D. J. Corbett, A M. Faison, E. D. Pearsall, E. M. Johnson, Henry Shaw, F. C. Shepherd, A. K. Powers, Esq., and others.

ESTABLISH NEW GARAGE.

Mr. J. O. Brock Leaves for New York—Open First-Class Place.

Mr. J. O. Brock, the well known electrical supply dealer and contractor, accompanied by his chief electrican, Mr. D. Y. Floyd, left last night for New York where they will spend a few weeks, Mr. Floyd to take a special instruction in an auto factory for the purpose of perfecting himself in all manner of repair work and Mr. Brock to thoroughly acquaint himself with the conduct of first-class garages. Mr. Brock has secured expert machinists from the Maxwell-Briscoe Motor Car Company and about the first of the year will open in this city one of the most modern and up-to-date garages in the State, further announcement of which will be made on his return to the city.

Police Overcoats Delivered.

The police uniform overcoats, for which the contract was recently let to Mr. J. W. H. Fuchs, the well known clothier, arrived yesterday and were delivered during the day at the store on South Front street. They are handsome in texture, well fitting and gave general satisfaction to the men.

MAIL FROM QUARANTINES.

Postmaster Wallace Issues Special Orders as to Smallpox.

In view of the large number of smallpox cases now quarantined in the city and the possibility of infection through the mails, Postmaster T. E. Wallace has issued special instructions to the carriers with a view of safeguarding the public in every way possible. The carriers are instructed not to receive from smallpox patients themselves and mail for posting and when there is mail for delivery to a house under quarantine, the postman is to stand off the premises and sound his whistle for some authorized person on the premises to come forward and receive it. Letters and other mail may be posted by the patients through their physician or the proper health official, who will take the necessary steps as to fumigation, etc. The health officials are asked to see that their quarantine regulations are made effective in order that the rules of the Postoffice Department will serve their purpose.

SUIT FOR SALVAGE.

Master of Steamer Ferndene Asks $2,000 From Seaboard Air Line.

Through their counsel, Messrs. Rountree & Carr, of this city, Capt. Leighton and members of the crew of the British steamer Ferndene, yesterday instituted suit against the Seaboard Air Line Railroad Co., for $2,000 salvage for their services in saving valuable property at the yards of the company in this city Sunday a week ago when fire broke out in some cotton on the platform adjoining one of the large storage warehouses of the company. It is alleged that the fire was extinguished without the assistance of the Wilmington Fire Department and but for their timely effort much great damage would have resulted on the yards and in the burning warehouses.

HAZLEHURST & ANDERSON.

Plans by Wilmington Engineers For Fayetteville Filter Plant.

Yesterday afternoon's Fayetteville Observer, says:

"The Public Works Commission has accepted the plans and specfications designed by Messrs. Hazlehurst and Anderson and Mr. John K. Strange for the installation of a filter system for the Fayetteville water works. The plans and specifications are on file in the office of the Public Works Commission and bids have been asked for in the advertising columns of the Engineering News, of New York, and the Manufacturers' Record of Baltimore, bids to be opened in this city at noon, December 15, and work to be commenced on January 15, 1911."

Basketball at Y. M. C. A.

The Busy Men's basketball team of the Y. M. C. A. played its first league game yesterday afternoon in the gymnasium. Team No. 1 won from team No. 2 yesterday afternoon. The lineup of the teams: No. 1, Hines and Leitch, forwards; Hines, H., center; Loring and Hanes, guards; No. 2, McKoy, center; Edwards and Woolcott, forwards; Howes and Fenley, guards. Referee, Huntington; scorer, Norman Davis. In the Junior basketball league the Cubs, Capt. K. Davis, won from the Pirates, Capt. LeMoyne, score 12 to 7. This game gives the Cubs 1000 in the percentage column against .500 for the Pirates.

To the Shipyard for Repairs.

The schooner Silver Spray, which was towed to this port several weeks ago in distress, cleared yesterday in tow of the tug Blanche for Newport News, Va., where she will be repaired at the shipyard. The schooner was towed here waterlogged and has since been pumped out and placed in readiness for the trip. From Newport News she will sail for her home port in Maine, where she will discharge a cargo of lumber.

Odd Fellows' Orphans.

The Odd Fellows of Wilmington yesterday forwarded to the Odd Fellows' Orphans' Home at Goldsboro, a full carload of donations, embracing everything imaginable to eat and to wear. This is an annual custom of the lodges in Wilmington, but the Thanksgiving offering this year was the most bountiful since the establishment of the orphanage.

Daughters of Rebekah to Entertain.

Members of the I. O. O. F. have received invitations to an entertainment under the auspices of the Daughters of the Rebekah at Odd Fellows' Hall, Third and Princess streets, Thursday evening at 8:30 o'clock. There will be a thank offering, the proceeds to go to furnishing an infirmary at the home in Goldsboro. All friends of orphans are cordially invited.

Thanksgiving Service.

Thanksgiving services will be held at Immanuel Presbyterian Church Thursday night at 7:30 o'clock, conducted by Rev. Dr. John M. Wells, pastor of the First Presbyterian Church. An offering for the orphans at Barium Springs will be taken. Special music will be rendered and all are cordially invited.

Raleigh, N. C., Nov. 22.—Henry W. Miller, of Raleigh, now assistant to first vice-president Andrews of the Southern railway has been appointed asistant to President Inley of that road with headquarters in Atlanta, Ga. The appointment becomes effective December 1st and Mr. Miller succeeds J. S. B. Thompson, resigned, to accept the presidency of the Atlantic Compress company.

Not Sorry for Blunder.

"If my friends hadn't blundered in thinking I was a doomed victim of consumption, I might not be alive now," writes D. T. Sanders, of Harrodsburg, Ky., "but for years they saw every attempt to cure a lung-racking cough fail. At last I tried Dr. King's New Discovery. The effect was wonderful. It soon stopped the cough and I am now in better health than I have had for years. This wonderful life-saver is an unrivaled remedy for coughs, colds, lagrippe, asthma, croup, hemorrhages, whooping cough or weak lungs. 50c $1.00. Trial bottle free. Guaranteed by Robert R. Bellamy.

IMPORTANT WORK GAINS AN IMPETUS

(Continued from page Two.)

letters were read from citizens asking for the next convention. These letters were referred to the proper committee. After some announcements the meeting adjourned.

Smoker Given Last Night

Last night the visitors were royally entertained by the local committee at a delightful smoker in the rooms of the Chamber of Commerce. There were in attendance between 150 and 200 citizens deeply interested in the reclamation of lands and other projects looking to the material advancement of North Carolina. An appetizing menu was served, following which there were a number of short addresses.

Mr. J. A. Taylor, president of the Chamber of Commerce, was toastmaster and well did he perform the pleasant task assigned him by the committee. After referring to the significance of the convention now in session here, of the mass of information gleamed by the delegates at the two sessions at the Court House during the day, declaring that it would result in increased interest in drainage throughout the State, with the resultant reclamation of hundreds of acres of land in the next year, President Taylor introduced Capt. Earl I. Brown, United States Engineer, in charge of this district. Captain Brown told the assemblage something of the work that is being done in his district under his supervision by the United States government, developing the waterways and improving the harbors, etc. He said that the government contemplated a harbor refuge somewhere on the North Carolina coast, either at Cape Hatteras or Cape Lookout, which will cost an immense amount of money and will be of incalculable benefit to shipping. Nothing definite regarding the location of the refuge harbor as yet, however.

Mr. Carr, of Asheville, a member of the commission appointed to have charge of the drainage of the Mattamuskeet Lake, was called upon by the toastmaster, and responded by telling something of the plans to drain not only the wet lands but to take the water off the large area covered by the lake. The speaker did not know if a proposition of this character of equal magnitude had ever been undertaken before in the South. The progress of the work will be watched with interest throughout the State, he said. It is hoped to have the drainage of the lake thoroughly underway in a comparatively few months.

Iredell Meares, Esq., a prominent members of the local bar, was an interested attendant upon the sessions of the convention yesterday and he was next called upon by the toastmaster. Mr. Meares said that it was with the greatest interest that he heard the recital of the progress being made in the drainage of the swamp lands of the State. It is a great work and should be carried forward and should interest every man in North Carolina. It seemed to him that the Legislature at its next session should authorize the issuance of $1,000,000 in bonds for the purpose of carrying forward this work. Money could then be advanced to the districts and could later be paid back to the State. North Carolina would be doing then for the State what the National government is doing for the Nation. The National government cannot invade the State and take a lien upon its lands but the State can take such a lien. Mr. Meares would also like to see the State issue $1,000,000 bonds for macadamizing the roads of the State, and the issuance of bonds for the development of other public enterprises which will be for the good of all the people.

Mr. Chas. N. Evans, president of the Southern National Bank, responded for the bankers of the State and declared that the farmers and the business men could rest assured that the banks of the State would stand behind them. This fact was abundantly shown recently when $3,500,000 State bonds were taken by the banks. Other States had bonds but they could not place them. The North Carolina banks came to the rescue of this State. Mr. Evans spoke of the great increase in the assets of the banks of the State in last decade, due to the fact that money which had heretofore been hid away in trunks, etc., is now on deposit in the institutions. The banks are draining. In a few years the lands now idle will be drained and they will be productive, as the money formerly idle is now drawing interest from the banks.

Mr. B. F. Keith, collector of customs an deeply interested in drainage, was next called upon and said that he would be glad for the banks to come to the aid of the Lyon Swamp drainage district, which is now advertising $40,000 worth of bonds. Mr. Keith then spoke of the value of properly draining the lands and declared that we cannot have good roads without drainage. He also spoke in favor of god roads and the stock law, giving illustrations of the benefits derived from both.

Dr. John M. Faison, Congressman-elect from the Third District, was next signaled out by the toastmaster and responded in one of his characteristically able addresses, in which he referred briefly to the efforts he expects to put forth in Congress in behalf of North Carolina, not forgetting Wilmington, in which city he has always been deeply interested. Dr. Faison made a very fine talk and was listened to with great interest.

Following Dr. Faison was Mr. John A. Wilkinson, of Belhaven, who spoke with particular reference to development of the lands after they have been drained. It takes about four years to clear the lands after they have been drained so as to cultivate crops. Here is where the capitalists should come in. He can buy the land comparatively cheap and sell it for $100 an acre at the expiration of four years. The purchaser can afford to pay that price, for he can live on the property and out of the earnings pay for his farm in five years.

Dr. Joseph Hyde Pratt, State Geologist and secretary of the association, went more into detail of the work contemplated at Mattamusket Lake and in that drainage district, and told briefly of what has been accomplished in drainage of lands in the State in the past two years.

Toastmaster Taylor then introduced Senator F. M. Simmons, to whom he paid a high tribute, and calling attention to his fine record in the United States Senate. Senator Simmins spoke for some time relative to the achievements of North Carolina in the past few years and emphasized the possibilities for greater accomplishment.

Complimentary River Trip.

The outing planned today by the committee in charge promises to be one of the most delightful features of the convention. The United States Revenue Cutter Seminole will leave the Custom House wharf promptly at 9:30 o'clock and Chairman Springer requests all to be on hand promptly at that time. The trip will be down the Cape Fear to Fort Caswell where special permission has been granted for an inspection of the magnificent fortifications of the army. Luncheon will be served on board the boat and one or more important business sessions will be held. All members of the Boat Committee are asked by Chairman Springer to be present a little before the time of departure for the purpose of receiving the visitors on board. Members of all committees of arrangements are invited to take the river trip and no tickets for them will be necessary.

CONTROL OF DEMOCRATS.

Roster of House Published Yesterday. Given in Various States.

Washington, Nov. 22.—The Democratic representation in the next House will be 227 as against 163 Republicans and one socialist, according to the roster of the House published today. These figures give the Democrats a majority of 63 and a plurality of 64.

According to this publication Kansas is the only State of size which has a solid Republican delegation. A number, however, contain only one Democrat, among those thus included being Iowa, Minnesota, California and Wisconsin.

All of the Southern States have solid Democratic delegations except Maryland, Virginia, Kentucky and Tennessee.

Maryland and Virginia each have one Republican, while Tennessee and Kentucky each have two members of that party. Colorado is the only Northern State represented entirely by Democrats, but Indiana, possessing a much larger representation, presses close upon her heels with 12 Democrats out of 13 members.

Illinois has eleven Democrats in her membership of 25, Massachusetts, four of 14; Michigan, two out of 12; New Jersey, seven out of ten; New York 23 out of 37; Ohio 16 out of 28; and Pennsylvania nine out of 32. Missouri's delegation consists of 13 Democrats and three Republicans.

The Nebraska delegation is evenly divided, three and three, as is Maine, two and two; Oklahoma has two Republicans and three Democrats; Washington is represented by three Republicans. All of the States having one representative only are Republicans.

SEEKING CANAL EXPOSITION.

The Struggle Between New Orleans and San Francisco.

San Antonio, Texas, Nov. 22.—The struggle to obtain the Panama Canal Exposition was transferred this afternoon to the convention of the trans-Mississippi Commercial Congress, which is in session in this city. Governor Sanders, of Louisiana, urged the advantages of New Orleans, and Frank H. Gould, speaker of the California House of Representatives, spoke in behalf of San Francisco. Governor Sanders insisted that New Orleans is the logical point for holding the big show, while Mr. Gould pointed to the fact that San Francisco has $17,500,000 to expend on it and is asking no aid of Congress.

The reception each speaker received indicated that the congress is divided on the subject of tendering its endorsement.

VIRGINIA EDUCATORS MEET.

Assembled for Conference in Richmond—Taft to Speak.

Richmond, Va., Nov. 22.—The Virginia State Educational Conference of 1910 began here this afternoon with the opening meeting of the annual convention of the State Teachers' Association. The attendance promises to be large. The members of the conference and citizens generally will be addressed by President Taft tomorrow afternon in the city auditorium.

Saves an Iowa Man's Life.

The very grave seemed to yawn before Robert Madsen, of West Burlington, Iowa, when, after seven weeks in the hospital, four of the best physicians gave him up. Then was shown the marvelous curative power of Electric Bitters. For, after eight months of frightful suffering from liver trouble and yellow jaundice, getting no help from other remedies or doctors, five bottles of this matchless medicine completely cured him. It's positively guaranteed for stomach, liver or kidney troubles and never disappoints. Only 50c at Robert R. Bellamy's.

FOR SIX TORPEDO BOATS.

Contracts Were Awarded by the Navy Department Yesterday.

Washington, Nov. 22.—Contracts for six torpedo boats were awarded at the Navy Department today. Two of them went to the Bath Iron Works, Bath, Me.; one to the Newport News Shipbuilding and Drydock Company, Newport News, Va.; one to the New York Shipbuilding Company, Camden, N. J., one to the Fore River Shipbuilding Company, Quincy, Mass.; and one to the Cramps Shipbuilding Company, of Philadelphia.

Those to be built at the Bath Iron Works will be required to develop a speed of 30 knots an hour. These two boats will cost $654,500 each. Their trial tests must be made over a forty fathom course, as also the one to be built by the Fore River Company. The other three boats are to make their trial tests on the Delaware breakwater course. The Fall River boat will be fitted with twin screw Curtiss marine engines.

Both Speedy and Effective.

This indicates the action of Foley Kidney Pills as S. Parsons, Battle Creek, Mich., illustrates: "I have been afflicted with a severe case of kidney and bladder trouble for which I found no relief until I used Foley Kidney Pills. These cured me entirely of all my ailments. I was troubled with backaches and severe shooting pains with annoying urinary irregularities. The steady use of Foley Kidney Pills rid me entirely of all my former troubles. They have my highest recommendation." Robt. R. Bellamy.

WARNER'S Rust-Proof CORSETS

The young housewife need not fear losing her girlish figure lines—she can do anything in a Warner's Corset and look as fresh as a daisy when through. The right corset makes work easy, too. A sense of support is given, but the chief thing is that the figure beauty is preserved. The young matron may always keep her figure if she is just a little careful. Warner's are economical, too—they can be tubbed, as they are rust-proof—and there is never the necessity for repairing, as they are guaranteed not to break or the fabric tear. Sold only by

113 MARKET ST.

SOCIAL and PERSONAL

Brief Mention, News of Societies, Meetings, etc

The regular Friday night dance given by Mr. Kneisel will take place Friday night in the Masonic Temple ball room.

* * *

Miss Bessie Gore left yesterday for Norfolk, Va., where she will be the guest of Mrs. A. M. Waddell, Jr., for about a week, then she will go to Washington, D. C., for a visit with friends.

* * *

An important meeting of the Hospital Circle of the Kings' Daughters will be held this morning at 11:30 o'clock, at the residence of the president, Mrs. Wm. Latimer. A full attendance is earnestly requested.

* * *

The regular dance of the Saturday Evening German Club will be held in the Masonic Temple ball room Saturday night, and it is expected that this will be the largest dance given by the club this season. Dancing starts at 9 o'clock, and music will be by Kneisel's orchestra.

* * *

Yesterday afternoon's Fayetteville Observer says: "Miss Helen Strange who has been the guest of Maj. and Mrs. B. R. Huske on Haymount, returned to Wilmington yesterday. Mr. Allen Hallett, of New York, who has been here on a visit to Mr. and Mrs. A. H. Slocomb, left this afternoon for Wilmington."

* * *

MISS MARY FILLYAW BRIDE OF MR. THOMAS Y. MORRIS.

Miss Mary Belle Fillyaw, the attractive daughter of Mrs. D. L. Fillyaw, and Mr. Thos. Y. Morris, were quietly united in marriage at the home of the bride, on Grace street, at 2 o'clock yesterday afternoon, the ceremony being impressively performed by the Rev. W. E. Cox, rector of St. John's Episcopal Church, in the presence of only a few relatives and intimate friends. Mr. and Mrs. Morris left on the afternoon train for a bridal tour to points of interest in the North. Both have many friends in this city who will be interested to learn of their marirage.

* * *

MR. AND MRS. R. A. WRIGHT ENTERTAIN C. E. SOCIETY.

The Christian Endeavor Society and young people of St. Andrew's Presbyterian church generally were most graciously entertained last night from 8:30 to 10:30 o'clock at the hospitable home of Mr. and Mrs. Roland A. Wright, No. 114 North Fourth street, which had been most tastefully decorated according to a color scheme of pink and white, palms, ferns, chrysanthemums having been used quite effectively. About 75 young people called during the evening and were most charmingly entertained by the host and hostess, who were assisted in receiving by the officers of the C. E. Society. A number of pleasing diversions were provided for the guests, including a very interesting advertiseing contest in which the first prize was won by Mr. Fisher and the consolation by Mrs. Eustace Norfleet. An amusing farce comedy, "A Pair of Lunatics," by Miss Mattie Maultsby and Mr. G. T. LeMoyne was a most pleasing feature of an altogether pleasant evening with Mr. and Mrs. Wright.

* * *

FASHIONABLE WEDDING AT WASHINGTON, N. C.

Washington, N. C., Nov. 22.—One of the prettiest weddings ever solemnized in this city was that last evening at 9 o'clock in the First Presbyterian Church when Miss Helen Dumay became the bride of Mr. John Durham Gorham. The church was beautifully decorated in white and yellow and was thronged with friends and admirers of the young people. The music was by Miss Hannah Shaw at the organ, assisted by Mr. R. A. G. Barnes, on the violin, and Miss Bess Conoly, who sang delightfully. The ushers were Messrs. Geo. Hackney, Jr., F. S. Worthy, Dr. K. C. Moore and Mr. George Stanton, while the bridesmaids were Misses Rena Brown, Julia Mayo, Linda Moore, Mary Bell Small, Winnerfred Nicholson and Caddie Fowle. The groomsmen were Messrs. Benj. Smith, Dr. Henry Best, Samuel Estridge, Harry McMullan, Willis Hackney and Alvis Patterson. The maid of honor was Miss Francis Dockery while the dame of honor was Mrs. James E. Simmons. The flower children were Mary McLean, Louise Leach, Augusta Simmons Clark and Marjorie Hoyt. The bride entered on the arm of her father, Mr. A. H. Dumay, who gave her away. Mr. George Gorham attended the groom as best man. The ceremony was by Rev. J. N. H. Summerell, of Newbern, assisted by Rev. H. B. Searight, of this city. Following a reception at the home of the bride's parents, the couple left on the 2:30 train for a bridal tour, returning from which they will be at home in this city where the groom is employed by the Washington Buggy Co.

* * *

PINK AND WHITE WEDDING YESTERDAY AFTERNOON.

A beautiful pink and white wedding took place yesterday afternoon at St. James' Church, at five-thirty o'clock, when Miss Lillian Kenly, daughter of Mr. and Mrs. A. C. Kenly, of this city, became the bride of Mr. Charles Raymond Humphreys. The ceremony was performed by Rev. Wm. H. Milton, D. D., rector of the church, the betrothal service being used at the chancel steps. Prof. George L. Johnson presided at the organ, and at the appointed time the bridal party entered the church to the strains of the wedding march, and grouped themselves around the chancel.

The bride entered on the arm of her father, Mr. A. C. Kenly, who gave her in marriage. The groom entered from the right of the church accompanied by his best man, Mr. Robert C. Cantwell, Jr., and met the bride at the foot of the chancel. Miss Helen Kenly, sister of the bride, was maid of honor, and the bridesmaids were Miss Nannie and Page Humphreys, sisters of the groom, Miss Bessie Albright, Miss Mildred Smith, Miss Bessie Craig and Miss Anna Miller, of Montclair, N. J. The groomsmen were Mr. Platt W. Davis, Dr. Montague Boyd, of Savannah, Ga.; Mr. R. H. Grant, Mr. J. V. Grainger, Jr., Mr. Walter M. Kenly, a brother of the bride, and Mr. Louis T. Moore.

The bride was lovely in a gown of white charmouse trimmed with duchesse lace and carried a bouquet of white Augets. The maid of honor, Miss Helen Kenly, was very becomingly gowned in pink charmouse, and carried a bunch of pink chrysanthemums, and the bridesmaids wore white crepe meteor with touches of pink and white chiffon, and carried pink chrysanthemums.

After the ceremony, the bridal party was entertained at a small, but quite an enjoyable, reception at the home of the bride's parents, on Orange street, where the bride and groom received the felicitations and best wishes of friends assembled.

Mr. and Mrs. Humphreys drove to the union station, where they boarded the 7 o'clock train for a trip south. They will spend their honeymoon in Cuba, returning about the 20th of December, and will be at home to friends at 503 Market street.

The bride is one of the most popular young society women in the city, and is greatly admired by a large circle of friends in this city and throughout the State. The groom is a well known and popular civil engineer and is at present and has been for some time the city engineer for Wilmington. He is one of the city's most prominent and popular young men.

Among the out-of-town guests were Mrs. C. R. Humphreys, of Washington, D. C., mother of the groom; Mrs. J. M. Barber, of Washington, D. C. Mr. Glenn Kenly, of Jacksonville, Fla.; Mrs. Walter H. Miller, and Miss Taylor, of Baltimore, Md.

EXPRESSION OF ESTEEM.

Umbrella Presented to Presiding Elder W. L. Cuninggim.

The fourth and last quarterly conference for Bladen Street Methodist Church was held last night. The presiding elder, Rev. W. L. Cuninggim, presided, and all members of the church board many others of the congregation and some visitors were in attendance. The reports showed that the work of the year has been very satisfactory indeed.

Rev. W. L. Rexford, the pastor, expressed appreciation of the splendid work by members of his congregation during the past year. He also paid high tribute to the presiding elder, who is now serving his fourth, and, according to the rules of the church, his last year as presiding elder in this district. In behalf of members of his congregation, Mr. Rexford presented to Mr. Cuninggim a handsome umbrella, which was feelingly accepted.

THE RECORDER'S COURT.

Ex-Policeman Tried on Charge of Non-Support of Children.

Yesterday's session of the Recorder's court, presided over by Substitute Recorder George Harriss, was featured by the trial of Mr. R. L. Rouse, ex-policeman, charged with non-support of his children. Several witnesses were introduced to show that he had failed to provide for the support of his children. The warrant was sworn out by Mrs. Rouse, who was represented at the hearing by C. D. Weeks, Esq., while L. Clayton Grant, Esq., appeared for the defendant. The acting Recorder found it necessary to hold an afternoon session of his court and reserved judgment in the case until 3 o'clock. The defendant failed to appear at that hour. Some are of the opinion that he has left the city, but his counsel says that he has not. Counsel in the case had about reached an agreement by which the defendant was to give his children $5 a week for their support for two years and give bond to be forfeited in the event of violation of the agreement.

B. H. Galloway, colored, was found guilty of carrying concealed weapons and fined $25 and costs or three months on the county roads. He will probably take the latter. Bettie Harris, colored, was tried on the charge of assault with deadly weapon upon Mary Gills. After hearing the evidence the warrant was amended so as to charge affray and the cost was divided between the defendant and prosecutor.

First Baptist Church.

Thanksgiving services will be held at the First Baptist Church tonight and promises to be of more than ordinary interest. A special musical programme has been arraigned, including selections by Mrs. Muse and Mr. W. B. Muse, solos by Mrs. J. D. Edwards and Miss Carrie White, and others. There will be short readings by several of the congregation, at the close of which an onering will be taken for the poor. It is hoped that all members of the congregation will be in attendance and all others are invited.

Mar. J. J. Henderson Injured.

Mr. J. J. Henderson, one of Chadbourn's most prominent citizens, while hauling cotton to the gin yesterday morning, fell from the top of the load, breaking his leg just above the ankle. Both bones were broken and the flesh badly lacerated. Dr. J. F. Blake was summoned. He placed the injured man on the train, just then due, and brought him to this city, where he was taken to the James Walker Memorial Hospital. Friends here and elsewhere throughout the city earnestly hope for his early recovery.

Successful Baking

Depends on the flavoring used. Specify Blue Ribbon Vanilla and Lemon Extracts, and successful cake baking is a certainty.

Dressed in "Black and Yellow."

Not "Football Colors," but the color of the carton containing Foley's Honey and Tar the best and safest cough remedy for all coughs and colds. Do not accept a substitute but see that you get the genuine Foley's Honey and Tar in a yellow carton with black letters. Robert R. Bellamy.

Theatrical

The Academy is preparing to celebrate Thanksgiving, tomorrow, in regal manner. It has the best holiday attraction it has offered for years in John W. Vogel's Minstrels and, no doubt, this big and merry show will attract theatre-goers by the hundreds.

This is the first time South of this noted burnt cork organization and it is repeating in the Southland the big success it has met with for years in the larger cities of the North. Two performances will be given tomorrow, on account of Thanksgiving, and each will be of thorough and splendid nature. The afternoon performance will, no doubt, attract plenty of ladies and children. The prices for reserved seats for the matinee will be 50 and 75 cents with very small children 25 cents each, and in order to accommodate those who want to attend the matinee and yet not rush for seats, the advanced sale of seats for the afternoon performance will commence this morning at Plummer's. The sale of seats for the night performance will also begin there this morning and the prices for the night will be 25, 50, 75 cents and $1.00.

BILLY BURKE.

With Vogel's Minstrels at Academy Tomorrow.

An occasional visit of a minstrel show is a good thing for the theater-goer. Wearied by a continuous course of problem plays, lurid melodramas and musical comedies, the stately presence and sparklin conversation of the interlocutor appeals restfully to him, while the familiar quips of the end men are hailed as old friends returning from a long journey, and it is all very lovely. This statement it is said is especially true of as good a minstrel show as John W. Vogel's Big City Minstrels.

There is just enough newness about it to please, and just enough of the old-time flavor to relieve it from any charge of iconoclasm. And the fact that the past twelve years, demonstrated enthusiastic approval of every item of the bill, would indicate that John W. Vogel's aggregation has made good.

The Crystal Palace.

The programme this week is pleasing every one. Mr. Stellings, the former Ringling Circus clown, is a clever amuser and keeps the house laugning during his entire act. It is a special feature for the children. "Uncle Josh" is great and seems to have an unending chain of jokes. Business has been very good this week and anticipating the holiday crowds there will be taree night shows tomorrow at 7:30, 8:30 and 9:30 o'clock. The mid-week change of programme goes on tomorrow.

LARRY HYATT.

Appearing This Week at Crystal Palace.

At The Bijou Today.

"The Girl on Triple X," a Western drama and "Ransomed," or "A Prisoner of War," a war drama of 1863, are the feature pictures that will be shown at the Bijou today. The latter is a story of a child's love for his father, Southern life and characteristic features and people of the early sixties south of the Mason-Dixon line.

At Joyland.

The feature film at this popular theatre for today will be the "Girl Cowboy," while another will be "The Stolen Invention." Both are high class and very pleasing. Programme changes daily.

Services at First Presbyterian.

There will be no prayer meeting at St. Andrew's Presbyterian Church tonight so that all may attend the lecture by Dr. Fallon in the First Presbyterian Church. There will be Thanksgiving services at 11 o'clock Thursday morning, conducted by the pastor. There will be an offering for the Barium Springs Orphanage.

LOCAL DOTS.

—The advanced sale of seats for minstrel matinee at the Academy tomorrow will commence at Plummer's this morning. The matinee prices will be 50 and 75 cents and 25 cents for children under 10 years.

—Rev. Wm. Boney, a colored preacher, was arraigned before Justice Harriss yesterday for assault on his wife in two cases. The defendant was required to pay costs and give bond to keep the peace for two months. He could not give bond and went to jail.

—The Star is requested to state that on account of the heavy expenses incurred, tickets sold for the recent football game between the Wilmington High School and Donaldson Academy, will not be honored at the game tomorrow afternoon between the Wilmington and Raleigh High School teams.

—Friends will regret to learn of the death of Mrs. P. K. Meeks, which occurred at the residence of her daughter, Mrs. J. H. Blake, at Middle Sound. She was in the 74th year of her age. The funeral will be held from Mt. William church, Pender county, at 3 o'clock tomorrow.

—Wm. Howard, colored, was arrested yesterday by Constable Savage on two warrants, one charging assault on Brother Johnson and the other assault with a pistol on Frank Cooper, colored. At the hearing before Justice Harriss yesterday afternoon the assault with deadly weapon case was dismissed and for simple assault Howard was taxed with costs.

PERSONAL PARAGRAPHS.

—The many friends of Dr. N. A. Culbreth will be pleased to know that there is considerable improvement in his condition.

—Jackson Greer, Esq., of Columbus, was among the visitors yesterday in attendance upon the North Carolina State Drainage Convention.

—Rev. R. E. Peele, of Burgaw, will preach at Brooklyn Baptist Church tonight. All members of the congregation and others invited to attend.

—Mr. E. D. Pearsall, of Rocky Point, was one of the enthusiastic delegates here yesterday for the State Drainage Convention and was a pleasant caller at the office of the Star to the columns of which he is a frequent and interesting contributor.

Ramsey-Pearson Nuptials.

At the home of the officiating minister, Rev. G. A. Martin, pastor of Southside Baptist Church, at 9 o'clock last night, Miss Martha Ophelia Pearson, daughter of Mrs. Martha Pearson, of Clinton, and Mr. Samuel Theodore Ramsey, were happily united in marriage. The ceremony was witnessed by only a few friends of the couple. Mr. and Mrs. Ramsey will reside in this city.

Foley Kidney Pills

What They Will Do for You

They will cure your backache, strengthen your kidneys, correct urinary irregularities, build up the worn out tissues, and eliminate the excess uric acid that causes rheumatism. Prevent Bright's Disease and Diabetes, and restore health and strength. Refuse substitutes.

FINANCIAL and COMMERCIAL

COTTON IS STILL ADVANCING

Early Decline Followed by Sharp Advance on the Market Yesterday —Spot Five Points Higher— Conditions.

New York, Nov. 22.—An early decline in the cotton market today was followed by a very sharp advance accompanied by reports that large interests were building up long lines in expectation of a bullish government report early next month, but part of the gain was lost in the late trading with the market closing barely steady net 5 to 8 points higher on all months except August which showed a net loss of 9 points.

The market opened steady at a decilen of 7 to 16 points owing to disappointing cables, liquidation by yesterday's buyers selling by local spot houses and private reports from Liverpool that the South was offering freely. There was a good demand on the decline and after showing a net loss of about fourteen points on active positions the market steadied on covering and a renewal of bull support. It was reported that several large interests took a bullish view of yesterday's census figures and were predicting very high prices either before or after the publication of the Government's estimates and there was enough buying by prominent brokers to color such a view of the trading. At any rate the market worked up very sharply from the lower point of the morning May advancing from 14.78 to 15.0?, and the general list to a net became much heavier again just as they have done on all recent bulges to that level of the market in the later trading reacted several points from the top. May closed at 14.9? bid. Southern spot markets officially reported were 3-16c. higher to 1-16c. lower.

Receipts 77,982 at the ports against 91,732 last week and 48,865 last year. For the week 375,000 against 414,823 last week and 209,576 last year. Total receipts at New Orleans 18,358 bales against 6,800 last year and at Houston 13,232 bales against 9,092 last year.

Spot closed quiet 5 points higher. Middling uplands 14.85; middling gulf 15.10; no sales.

Futures opened steady and closed barely steady.

Louisville—Tone, firm; middling, 14 7-8. Total today—Net receipts, 27,476; gross receipts, 38,323; shipments, 30,207; sales, 10,085; stock, 415,859.

THE DRY GOODS MARKET.

New York, Nov. 22.—The cotton goods market was steady but did not respond to the stronger cotton market following the recent government reports. Bids for small lots of china goods are still in the market, but prices are too low to be attractive to mills. Yarns are barely steady. Men's wear lines are quiet.

THE FINANCIAL MARKET.

New York, Nov. 22.—Money on call 2 1-2 to 2 3-4, ruling rate 2 1-2, closing bid 2 1-2, offered at 2.34. Time loans easy, 60 days 4 12, 90 days and six months 4 1-4. Prime mercantile paper 5 1-2 to 6 per cent. Sterling exchange steady with actual business in bankers bills at 4.8210 to 4.8215 for 60 day bills and at 4.8590 for demand. Commercial bills 4.81 1-4 to 4.81 5-8. Bar silver 55 3-8. Mexican dollars 46.

PEANUTS.

(Reported by Rodgers, McCabe & Co)

Spanish—Market firm at $1.10 per bushel for New Spanish. No. 1 Shelled Spanish 7 1-2 to 7 3-4 cents per pound; No. 2 Shelled Spanish 4 3-4 to 5 cents.

Virginias—Market quiet at 3 1-4 to 3 3-4 cents for fancy hand picks; 2 1-2 to 3 cents for machine picks; 2 to 2 1-2 cents for shelling stock.

DEEPER NEGLECT FOR STOCKS

Quietness on Stock Market Desired by Banking Element—No Resources for Active Speculation. Easing Money Market.

New York, Nov. 22.—The stock market sank into deeper neglect today and the price fluctuations narrow correspondingly. This quietness is considered seasonable and desirable by the banking element who rely on moderate demands for banking facilities from the speculative element to carry through the requirements to the end of the year. The present asing tendency of the money market and the strength of the New York banking position have been brought about with that end in view and not to provide resources for a present active speculation.

The particular need for fostering care of the money market this year was the outgrowth of the course of the government finances, the current deficit in the revenues offering no opportunity for intervention in the money market by the Treasury Department with the protective measures which were a feature of the Autumn money periods of a few years ago.

In the opinion of bankers and financiers of authority the primary requisite on the New York money market is to find means for taking up bond issues, which are in contemplation by the greatest railroad corporations. An active stock market speculation which should take up banking resources as fast as they are released from the task of moving the crops would interfere with coming bond flotations.

The criticisms of the attempts of speculative pools and organized parties of operators to stir up speculation is promoted largely by this consideration. Its growing influence was seen in the subsiding volume of transactions in today's market. Foreign politics on the side of Mexico was not without a disquieting effect on speculative sentiment.

In the home field the unsettled outlook in the street trade is a paramount factor in the speculative situation. Money conditions were not materially changed. The easing of the tone remains without effect on the stock market, for the reason explained. Some demand for stocks from uncovered shorts resulted from the free selling of yesterday. Outside of that there was little to sustain prices and they drifted to a lower level towards the end of the day.

Bonds were steady. Total sales par value $1,714,000. United States bonds were unchanged on call. Total sales stocks today were 336.90 shares.

THE GRAIN MARKET.

Chicago, Nov. 22.—Drought losses as great as 30 per cent. to the wheat crop near Bahia Blanca in the Argentine Republic put up the price of wheat here today. The market closed strong at net advance of 3-4 to 7-8 to 1 1-8c. Corn made an irregular finish 1-4 to 3-8c to 1-8 to 1-4c up, oats were 1-8 to 1-8 to 1-4 higher than last night and provisions varied from 10c gain to 12 1-2 decline.

Wheat—No. 2 red, 93 to 93 1-2; No. 3 red, 91 1-2 to 93; No. 2 hard, 93 3-8 to 95 1-8c; No. 3 hard, 91 to 93; No. 1northern, 1.06 to 1.08; No. 2 northern, 1.03 to 1.07; No. 3 northern, 1.02 to 1.05; No. 2 spring, 97 to 1.03; No. 3 spring, 95 to 1.03; velvet chaff, 0 to 1.01; durum, 83 to 92.

Corn—No. 2, 50 1-4 to 50 1-2; No. 2 white, 50 1-4 to 50 1-2; No. 2 yellow, 51 1-4 to 50 3-4; No. 3, 50 to 50 1-4; No. 3 new, 44 1-2 to 45; No. 3 white, 50 to 50 1-4; No. 3 white, new, 44 1-2 to 45; No. 3 yellow, 51 to 51 1-2; No. 3 yellow, new, 45 to 46 3-4; No. 4 49 1-4 to 50; No. 4 new, 43 to 43 1-2; No. 4 white, 49 1-2 to 49 50; No. 4 white, new, 43 to 43 1-2; No. 4 yellow, 49 3-4 to 50 1-2; No. 4 yellow, new, 44 to 44 1-2.

Oats—No. 2, 30; No. 2 white, 32 1-4 to 33; No. 3 white, 31 1-2 to 32; No. 4 white, 31 to ...naurd, 32 to 32 1-2.

HUBBARD BROS. & CO.

Manchester Bullish but Liverpool Failed to Follow.

(Special Star Telegram.)

New York, Nov. 22.—Reports from Manchester were bullish, but Liverpool today failed to follow the advance here of yesterday. Yesterday's buyers were free sellers early, depressing prices some 13 points, but with the exhaustion of the supply a demand arose on covering orders, which advanced the market sharply in the afternoon.

The heavier bulls were buyers and spot dealers were believed to have joined them. The trade was inclined to be bearish, but the ginners' figures have shaken the confidence in large crop estimates.

Memphis reports for half week 46,000, last week 42,000; last year 16,000; Atlanta 6,600, last week 6,500, last year 22,000.

Southern spot markets are rising. Reports of fields clean picked and ginning nearly over, checked would-be sellers to whom the price is tempting.

A large concern hitherto bearish turned bullish, and the temper of the market became strong late in the day. The interior half week doubles that of last year.

ITCHING IRRITATION.

Worst Form of Skin Trouble Quickly Cured by Inexpensive Treatment.

When you suffer with any skin trouble, even though the itching seems unbearable, do not think that it is necessary to use some disgusting greasy ointment. Try Hokara, a pure and simple skin food, that is guaranteed to contain no grease or acids and which is so cleanly that it does not soil the linen.

Its power to instantly relieve any irritation of the skin and make it soft white and beautiful is almost miraculous.

Not only are minor skin troubles, like pimples, blackheads, ache, barber's itch, etc., quickly cured, but the worst ulcers or cases of salt rheum or eczema are cleaned and healed by this wonderful skin food.

In order that any one may try Hokara at small expense, J. Hicks Bunting Drug Co. are selling a liberal sized jar at 25 cents, and in addition guarantee to refund the money if the treatment does not do all that is claimed for it. Larger size 50 cents.

If the skin trouble is caused by impure blood or if the bowels are inactive, use Hokara Blood Tablets. They cool and cleanse the blood and regulate the bowels in a natural way.

The "bargain hunter" is no longer the woman who merely haunts the stores. She is the woman who watches the ads and goes to the stores strictly on business.

THE CHRISTIAN CHURCH.

State Convention in Session at Washington, N. C.—Reports.

(Special Star Telegram.)

Washington, N. C., Nov. 22.—The 66th session of the North Carolina Christian Missionary Convention convened in the Christian church in this city this morning at 10 o'clock. Delegates have been arriving on every train and the attendance is a very large one. The people of Washington are entertaining them in their usual hospitable manner. The convention will continue for three days with regular business sessions. In the morning and afternoon there will be praise services with addresses at night. This morning's session opened with a praise service conducted by Mrs. J. R. Tingle, the welcome address was made by Mrs. J. B. Latham and was responded to by Mrs. H. ., Brothers, after which came the president's message, reports of district managers, auditor's report, corresponding secretary, report by Miss Etta Nunn, treasurer's report by Mrs. J. F. Tayloe. The presentation of the centennial medal to the Kinston Auxiliary. This completed the morning session. The afternoon session was taken up in a junior hour conducted by Miss Ellen Parker. Devotional exercises, reading of the annual report of the superintendent, Mrs. E. M. Hodges, an address by Dr. Crozier and presentation of the prize banner to the Pantego children's band. The night session was composed of devotional exercises and an able address by Dr. Jenny E. Crozier.

EXPLOSIVE TEST AGAIN.

Will be Conducted by the Navy Department in Hampton Roads.

Norfolk, Va., Nov. 22.—Following up the line of experiments which have been made on the monitor Puritan with nitro-gelatin and which resulted in the sinking of the ship on the middle ground near Hampton Roads, the Navy Department will conduct another test with the explosive in which the old ram Katahdin is to be the subject.

The ship is being fitted up with two small pilot houses made of armor and these will be fired at with shells loaded with the explosive.

These shells are constructed differently from the ordinary high explosive or armor piercing shell now used in the navy. The shell which will be used in the tests have a number of transverse walls with a central opening running through to the base of the shell. The openings between these transverse walls are filled with the explosive. The rear wall of the shell is very thick and it is understood that the inventor claims that the heaviness of this rear wall together with the velocity of the projectile will keep the explosive against the part of the ship which it is desired to batter up.

The test is scheduled to take place in the next two weeks and will be held in the same place where the last one was held on the Puritan.

WAR ON THE BOLL WEEVIL.

Delegates From Cotton Growing States Gather in Atlanta.

Atlanta, Ga., Nov. 22.—More than 200 delegates representing all of the cotton growing States, gathered in convention here today to discuss but one subject: "War on the Boll Weevil."

The delegates were welcomed by Governor Jos. M. Brown and Mayor Robert F. Maddox.

It was the concensus of opinion that the boll weevils can be successfully fought, but it will be necessary to completely revolutionize farming methods.

It was pointed out that as the weevil will be across the southwestern borders of Georgia by 1912, it is necessary to outline a campaign against the pest as early as possible.

Dr. W. D. Hinds, State entomologist of Alabama, declared that to successfully combat the eastward march of the weevil the planter must burn on the cotton stalks just as soon as the crop is picked. He said that this will kill 97 per cent. of the weevils.

ARREST MADE AT WELDON.

Alleged to be One of Men in Recent Robbery at Norfolk, Va.

Norfolk, Va., Nov. 22.—Dr. L. B. Firey, who was held up at the point of a pistol in his office here yesterday bound, gagged and then robbed by two young strangers, one of whom, George Cunningham was later caught, left today for Weldon, N. C., to identify a man under arrest there as the second of the pair who robbed him.

The man at Weldon is Bert Wellman, alias John Mack, alias George Lannigan. Cunningham has made a full confession. Both men are from New York.

MEXICO IN THROES OF A REVOLUTION

(Continued from Page One.)

bodies of those killed were to be suspended from electric light wires in the streets. The building of the El Imparcial, was to have been destroyed with dynamite.

The papers exposing the conspiracy were discovered during a raid by the police on Sunday. Three employes of El Imparcial had been furnished with explosives and were instructed to use it at the first report of the uprising which was planned for last Sunday. The seizure of the plans on the day upon which they were to be executed is said to have had a great effect on heading off the rebellion.

Troops Are Dispatched.

Brownsville, Texas, Nov. 22.—Fifteen troops from the Fourth Battalion at Metamoras were sent yesterday to Guerro, a point 100 miles up the Rio Grande to reinforce the Mexican authorities as indicating a grave situation.

The river on the Mexican side in this vicinity is being closely guarded by cavalry and customs guards.

Everything is quiet in this region and there have been no untoward acts committed.

Austin, Texas, Nov. 22.—Texas National Guardsmen from colonels to privates are writing Adjutant General Newton volunteering to serve on the Mexican border. General Newton has thus far declined all such offers.

Quiet at Laredo.

Loredo, Texas, Nov. 22.—Everything as quiet and tranquil in the extreme in this city, notwithstanding an undercurrent of intense interest in the possible outcome of the situation in Mexico which is now in the acute stage of a struggle between the government and the anti-government forces at various points throughout the republic.

So far as local conditions are concerned there is very little fear of an outbreak of any kind. The United States government has an increased force here and the State Rangers are also on the ground, in spite of the general belief that their services will not be needed.

Sheriff Amidor Sanchez, of Webb county, expressed great surprise today, when the State Rangers appeared upon the scene. He gave it as his opinion that his own forces were adequate to cope with any disturbances that might arise in this county.

One effect of the rumors of overt acts comitted by the revolutionists at points throughout the republic is to prevent many persons who are en route to Mexico from crossing the border.

Laredo hotels and boarding houses are now filled with people who had started to Mexico from all parts of the United States but who are reporting at the frontier and hearing the alarming reports which have been in circulation have considered it desirable to await the time when conditions are more settled before resuming their journey.

Reports which were current last night of fighting in Gomez Palacio and Torreon, Mexico, are in part confirmed by Mexican officials and army officers stationed in Nuevo Laredo. It is admitted that in battles between the insurrectionists and the Mexican troops at both places several deaths resulted, the loss of life being evenly divided on both sides. It is generally understood that the government forces succeeded in quelling the disturbances at both places. Reports current yesterday were to the effect that Torren had fallen into the hands of the evolutionists. This is denied by army officers in Nuevo Laredo who claim to be in touch with the situation.

The army officers admit that the most bitter struggle occurred at Gomez Palacio who is only four miles north of Torreon in what is known as the famous Lagua district. At Gomez Palacio it is acknowledged several deaths occurred on both sides.

It can be stated on what is considered good authority that the Mexican government has a cordon of troops extending from a point below Laredo to Colombia, 26 miles up the Rio Grande, on the Mexican side. These troops have been instructed to keep a close watch for Francisco I. Madero. The Mexican and American army officers are working hand in hand to prevent the situation assuming more serious proportions along the border.

El Paso, Texas, Nov. 22.—A passenger train on the Mexico Northwestern Railroad running between Chuhuahua and Madera was fired into last night and several second class passengers killed. The number, names and details could not be ascertained as all the telegraph wires have been cut.

Advices at Washington.

Washington, Nov. 22.—Southern Mexico practically has been cut off from the capital, railroad bridges have been blown up or burned and the revolution has attained great proportions in that section of the Republic, especially in Yucatan. This is the burden of unofficial advices received here tonight. The recipients of the unofficial information declared that Vera Cruz will be captured by the revolutionists within three days, and that the revolutionary movement is sweeping northward.

SINGERS HONOR TOLSTOI.

Gathered and Were Dispersed by Police—Girl Killed.

St. Petersburg, Nov. 22.—Bands of singers, who gathered in various cities through Russia to honor the memory of Tolstoi and to sing "Eternal Memory" were dispersed by the police. Akiev, a girl was trampled to death and a score of persons were wounded by the whips of the Cos-

Yazoo City, Miss., Nov. 22.—At the end of the second day a jury of 12, acceptable to the court, had been found to hear the trial of L. C. Dulaney, charged with having bribed State Senator Theodore Bilbo to cast his ballot in the recent senatorial caucus for the successful candidate, U. S. Senator Leroy Percy.

FEDERAL COURT IN RALEIGH.

Judge Connor Reiterates His Position as to State Courts.

(Special Star Telegram.)

Raleigh, N. C., Nov. 22.—In charging the grand jury at the opening of the November term of the Federal court here today, Judge H. G. Connor treated with special emphasis the relations of the State and the Federal court, and declared his determination to maintain the very best of relations and co-operation. He declared especially against a practice that he has observed of United States commissioners and other Federal officers going into the State courts, especially the magistrates and police courts, and seeking out cases to be haled in the United States courts for trial after the defendants have already been dealt with in the State courts. He laid down as a rigid rule to be observed in his court that no defendant was to be prosecuted in his court after he had been dealt with in the State courts. He insisted that officers of his court must keep this rule in mind in making up cases for the court over which he presides.

The most important case on the civil side is Wells-Kramer Tobacco Co., vs. American Tobacco Co., involving over one million dollars damage for destruction of the cigarette business of the plaintiff by the A. . Co., through alleged trust methods of stamping out competition. The case originally included demand for punitive damages as well as actual damages, but this was cut out of the bill by order of Judge Connor at former hearings in chambers.

FAMOUS HORSES ARE SOLD.

Low Price for Kentucky Stallion Sensation of the Day.

New York, Nov. 22.—On a bid of only $1,100 the Director General, a famous stallion, was sold today at the second day's session of the Old Glory horse sale at Madison Square Garden. The low price brought was the sensation of the day. Only a few years ago the Director General was bought for the Claiborne farm of Kentucky for $12,000, and it had been expected he would bring at least $10,000. Frank McCloud, of Dayton, Ohio, was the successful bidder. In all 50 horses were offered by the Claiborne farm and when the day's session closed 100 horses had been sold for a total of $29,900, of which $20,720 was brought by the Claiborne farm stock.

The highest price of the day was $1,650 paid for Bonalin, a five-year-old bay mare. The purchaser was the Walnut Hall Farm, of Lexington, Ky. Nella J., was sold to the Dromore farm for $1,500.

The annual meeting of the American Association of Trotting Horse Breeders was held at the Garden this afternoon and the former officers were re-elected. Senator Joseph W. Bailey, of Texas, president of the organization, presided.

SAVANNAH UNVEILING TODAY.

Thousands of Visitors Gathered in Georgia Town.

Savannah, Ga., Nov. 22.—Thousands of visitors arrived in Savannah today to attend the exercises incident to the unveiling of the monument to General James Oglethorpe, founder of Georgia, tomorrow.

Governors Brown, of Georgia, and Comer, of Alabama; Senators Bacon and Terrell, of Georgia; Hon. A. Mitchell Inness, secretary of the British embassy at Washington, and England's representative at the unveiling, are among the most prominent visitors.

Following the unveiling there will be a military parade, composed of United States regular infantry, cavalry and coast artillery. Sailors from the United States cruiser Birmingham, now at anchor in the Savannah river, cavalry artillery and company after company of infantry of the National Guard of Georgia.

TO APPOINT SENATOR CARTER.

As a Judge in Court of Commerce—Taft's Choice.

Butte, Mont., Nov. 22.—Private advices from Washington state that United States Senator Thomas Carter will be tendered appointment as a judge of the Court of Commerce, created by the last Congress and for that purpose has been called to the National capital by President Taft.

Roanoke, Va., Nov. 22.—At a special election held today in Wise county, this State, to vote on proposed good roads bond issue of seven hundred thousand dollars the proposition was overwhelmingly voted for, the majority in favor of it being 2,000.

The Vortex Hot Blast

The Hot Blast Heater With Two Tubes.

The top hot blast draft is supplied to the fuel body in a blast of whirling air. This highly heated air fans a flame as it mixes with the rising gases and causes a clean combustion of the cheapest fuel.

The large sensitive steel radiating surface makes it a quick heater. The all-steel body requires less blacking and other labor in keeping it clean.

No fire pot exposed to burn red and look bad after the first few fires.

Prices $12.00 and Upward.

Made With or Without Ash Pan.

Come in and see our complete assortment.

N. Jacobi Hardware Co.
no 20-tf.

Pre-eminent Among Thanksgiving Good Things

Belle of Wilmington Flour

is one of the first factors to be considered, as it enters more or less into most of the dishes that make the feast, and therefore is an essential that cannot be overlooked. Bread, cakes, pies and pastry make the greatest claim upon its usefulness, and it gives to these articles their principal claim as table delicacies. If your grocer does not handle BELLE of WILMINGTON FLOUR have him order a trial shipment from
